Clothing

Select your clothing carefully. A complete set of clothes which can get grubby and muddy are useful. Bring warm clothing such as a warm fleece, thermal underwear, warm hat and gloves for cooler nights in the mountains when temps drop dramatically. Lightweight waterproofs are essential. Bring your swimsuit.

For your jungle extension, you can expect warmer and more humid conditions. However, there may also be heavy rain showers (it tends to be cooler and drier between May and October). Bring light and loose clothing - long sleeved shirts and long trousers are best when walking through jungle, and a lightweight rainjacket. The warmer clothes from your time in the mountains may also come in useful during the evenings, in case of cool weather.

Footwear

Comfortable shoes and lightweight walking shoes and sandals. If participating in the rafting, old trainers (as they will get wet).

Luggage

20kg

Luggage: On tour

One main piece of luggage, a daypack plus one small bag for your nights in Aguas Calientes, Taquile Island and the Amazon Extension where you will leave your main luggage in storage..

On Taquile Island, your main bag will be left in Puno while you stay on the island for one night.

In Aguas Calientes, your main bags will be left in storage in your hotel in the Sacred Valley for the two nights and will meet you when you arrive in Cusco.

On the Amazon Extension, due to limited space on the boats your luggage will be limited to 10 kilos - your main bag will be left in Puerto Maldonado while you stay at your Amazon Lodge

Remember, you are expected to carry your own luggage (i.e. on and off transport etc.) so don't overload yourself. It is recommended you bring lockable bags.

Equipment

A good insect repellent is essential, particularly for use in the jungle. Also bring a small torch, sunhat, sunscreen, a swimsuit and a small towel (for rafting and thermal baths). Please note drones are prohibited in most tourist areas in Peru.

Equipment that you will need for your jungle experience is:

A good torch and spare batteries for night walks and when the generator is not on.

Card games or books for your evenings in the lodge, particularly if there is no electricity

Long sleeved tshirts and full length trousers are recommended to avoid insect bites

A small backpack for walks and boat trips

A good camera with zoom, spare battery and memory cards

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$ 50, approx. 160 Peruvian Soles per person for group tipping

For all non-included services and meals on your trip please tip independently at your discretion.

Peru

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Breakfast price	Dinner price	Beer price	Water price

Accommodation notes

During this trip we spend one night in a homestay on the island of Taquile, on Lake Titicaca. The homeowners will cook for us and we are able to experience life on the island. Rooms are simple but comfortable, and there are several toilets for communal use. It's a very serene, quiet place and for many it is one of the highlights of their stay.

The guest accommodation at Inkaterra Field Station although simple, is built to a high standard. Built

within the Inkaterra Ecological Reserve, an area of over 10,000 hectares of virgin forest, the Field Station was originally set up as a research centre for scientists and has now opened its doors for travellers to experience the Amazon rainforest. The Field Station is ran by, and is the headquarters for, the Inkaterra Association, an NGO funded by Inkaterra's ecotourism activities which is dedicated to supporting, fieldwork, biodiversity research and conservation.

The communal area and dining room is a wooden structure with a high roof, thatched in traditional style with palm fronds. The Cabanas rooms are a short walk from here and are also built in local wood, blending in with the surrounding forest. They each have an outdoor terrace with seating and are all furnished with crafted wooden furniture and, en-suite bathrooms equipped with a cold (lukewarm) water shower, basin with running water and flushing toilet. There is also a safety box for storing valuables and food. The design of the buildings allows the rooms to be naturally ventilated - the rooms are elevated off the ground and have high unsealed thatched roofs that encourage air-circulation. Good mosquito nets cover the beds (which are well off the floor) and there are ceiling fans. Electricity is provided by a generator twice a day so Wi-Fi and room lights can be used, batteries charged, etc. but a strong torch is also required. Meals are all included during your stay and combine delicious local produce; lunch and dinner are served in the communal area self-serve style. Boiled, filtered drinking water is also available at all times, as is tea and coffee. Fruit juices are provided with breakfast, and beers, Pisco and soft drinks are also available to buy at the bar.

The Inkaterra Explorer guides all have a recognised national guiding qualification and most are from the local area. During your stay they will help you explore the primary forest around the lodge, identify animals and plants, and learn about the biodiversity and local way of life. Keep your eyes open as you travel around by boat or walk through the forest as there is abundant wildlife in the area around the lodge.

Flight Information

Booking a flight inclusive package with Explore

We have a good selection of flights not only from London but from many regional airports around the UK allowing us to compare fares between scheduled carriers as well as low cost and charter airlines. Our dedicated flights team will match the best flight options to your arrival and departure airport.

On our website we display a UK flight inclusive package guide price which is generally based on a London departure. To avoid paying supplements or to secure your preferred flight option, we recommend booking as early as possible, especially for peak travel dates.

Altitude information

We have specifically designed this itinerary to allow you to acclimatise gradually against the symptoms of altitude sickness, a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. At altitudes of over 3000m, minor symptoms such as headaches and shortness of breath are commonly experienced for a day or two, and there is no preparation that you can do for this. Symptoms aren't related to general fitness. The best remedy is to rest, not ascend any further and ensure that you're well hydrated. If the symptoms persevere or get worse, then the main course of action is immediate descent.

If any symptoms do occur - whether minor or more severe - then you should let your Explore Leader know immediately.

As this tour reaches altitudes of over 4000 metres, we strongly recommend that travellers with heart or lung conditions, anaemia, asthma, high blood pressure or on the pill should seek the advice of their GP.

Please also ensure that your insurance policy covers you to the maximum altitude of 4190m.

Ability to swim

An ability to swim is essential for your safe enjoyment of the water based activities on this trip. If you wish to participate in these activities then we insist that you are able to swim.

Peru

Vaccinations

Nothing compulsory, we recommend protection against typhoid, tetanus, polio and hepatitis A. Please consult your travel clinic for the latest advice on Malaria, Dengue and Zika Virus. Please take preventative measures to avoid mosquito bites - these include mosquito repellent as well as long trousers and long sleeve shirts to cover up when necessary. Please note many countries in Central America, South America and the Caribbean require a yellow fever vaccination certificates if travelling from infected areas. A detailed list of these countries can be found on the NaTHNaC website - <http://travelhealthpro.org.uk/countries>. Also on the NaTHNaC site there is a list of Countries (and specific areas within a country) which are at risk of infection and a vaccination is therefore recommended. Please check the latest requirements with your travel clinic or doctor prior to departure. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at Explore Travel Health and from your local healthcare provider.
