Pass through sleepy hamlets and enjoy panoramic views on the wide valley of Korthi and, the more you continue eastwards, the sea at the far horizon. A short section is on a dirt road, but most of the walk is on old footpaths that were once the only connection between the villages. Walk to the beautiful town and bay of Ormos Korthiou where you spend the night.

## DAY 3 - Walk across mountain ridges and through forests and orchards to Andros Chora

Today's walk follows a great route through the semi-deserted inland of Andros. Outstanding views, tiny, well-hidden villages, old watermills and beautiful stony trails are what you encounter today. The first part of the route leads you through traditionally cultivated land, which has been made suitable for small-scale farming centuries ago. Then cross the mountain ridge which leads you to the valley of Andros Chora. From here there are impressive views over this great valley and the town of Andros Chora with its traditional white buildings. Walk through forest and orchards until you reach the town and then continue to the beach of Nimborio where you spend the next two nights.

Today's 14km walk is expected to take approximately 5 hours and you will ascend 530m and descend 530m.

#### **DAY 4 - Circular walk from Andros Chora - valleys and beaches**

You may decide to explore Andros Chora before heading off on your walk today. The town has two museums, stone walkways and a combination of Venetian, Byzantine and Ottoman architecture not to mention plenty of local cafés and pastry shops. We suggest a 9km walk along wide paved paths and through forest to Apikia, a village situated in a green valley famous for its spring water. You descend along cypress hedges to the old Bitsis-tower house and further to the sandy beach of Gialia. There is a short, demanding climb before you descend to the beach of Nimborio. If you want more of a challenge there is a longer walking route available of 17.5km.

Today's 9km walk is expected to take approximately 4 hours and you will ascend 400m and descend 400m. If you decide to take the longer route of 17.5km it is expected to take 6.5hrs and you will ascend 600m and descend 600m.

Today you take a local bus to Messaria and head for the west coast of Andros. From here you walk to the exceptionally beautiful, verdant village of Menites with its famous Lion head adorned springs. In the village square you will find many water fountains, considered therapeutic in ancient times. Refreshed you start your demanding climb on Petalo Mountain, follow the old trading route over its slopes with great views over green valleys, villages and the sea far below. On your way uphill you pass through the village of Ano Pitrofos. (If you take a taxi to this village, you avoid half of the ascent, 300m, and shorten the walk by 5km.). Lastly you descend to the charming seaside town of Batsi, and your hotel for the next two nights near the fine, sandy beach.

Today's 18.5km walk is expected to take approximately 6.5 hours and you will ascend 560m and descend 700m. There is an alternative walk of 16km available.

The walk ends at the beautiful seaside village of Agios Petros. This sleepy fishing village is on the quieter Western side of Andros and has a long sand beach where you can take a swim in the shallow waters or just sit down and soak up some more of the soothing Greek sun. If the accommodation is full in Agios Petros you will stay in nearby Gavrio.
