## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Holiday starts in Arbus

Today you will arrive in Arbus and check into the agriturismo, your base for two nights located a few kilometres outside of Arbus town. Arbus is well known locally for the production of the l'Arburese knife and there is a museum in town dedicated to it for those interested. Alternatively you may just choose to relax at the agriturismo.

No cycling today.

**ACCOMMODATION:**  
Agriturismo Rocce Bianche (or similar)

**Grade: Comfortable Hotel**

**SINGLE ROOM AVAILABLE**

**MEALS PROVIDED: DINNER**

### DAY 2 - Circular ride via Piscinas beach and an abandoned ancient mine

The first ride starts with a panoramic road through a cork oak forest to Arbus, then pedal up to the old

mining village of Montevecchio where you can visit the abandoned mine site (not included). There are four different tours and take about 45 minutes each. After the visit you continue cycling along a wild and scenic Mediterranean 'macchia' route, finally descending to the sea. Here a short deviation takes you to one of the most extended desert area of Europe - Piscinas beach. After a rest stop you cycle uphill through the almost abandoned mining village of Ingurtosu on your route back to Arbus.

Total cycling distance today is approximately 53 kilometres (1070 metres total accumulated ascent and descent).

Agriturismo Rocce Bianche (or similar)

### DAY 3 - Long descent to Portixeddu; ride past Sugar Loaf cliff to Nebida

Today's ride starts with a long winding downhill to Portixeddu, one of the favourite spots for local surfers. Here you can take a break for some good coffee before starting the climb to Buggerru, where a system of tunnels were used to transfer minerals from the mines to the port. Further on you can enjoy great views of the Pan di Zucchero (Sugar Loaf) cliff and the Masua mines. The ride ends in the village of Nebida where you spend the night.

Total cycling distance today is approximately 40 kilometres (758 metres total accumulated ascent and 1047 metres descent).

ACCOMMODATION:  
Pedra Rubia (or similar)

Grade: Comfortable Guesthouse

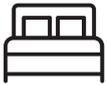

SINGLE ROOM AVAILABLE

#### DAY 4 - Discover San Pietro Island and continue to Sant' Antioco Island

Today's ride starts with a gentle 25 km to the port of Portovesme, where you take the ferry to the Island of San Pietro. Upon docking at Carloforte harbour you may soon start noticing the different accent the Carlofortini have - in fact they have Genoese roots and speak a different dialect from the rest of the Sardinians. It is here in the last week of May that Italy's last remaining 'tonnara' operates as a system of nets is used to catch the Tuna. They also have a culinary festival at the same time. After a short visit take another ferry, this time to Calasetta, on Sant'Antioco Island - home to some excellent wines (from the local Carignano del Sulcis vine). The Sulcis region is known for the Carignano vine that can live with very little rainfall and is stunted by strong winds to no more than a foot high. Many local families still have a little vineyard to produce it and after a sip you know why they still make it! The last section of the ride is around 12km on the flat to Sant' Antioco town.

Total cycling distance today is approximately 37 kilometres (305 metres total accumulated ascent and 445 metres descent)

ACCOMMODATION:  
Il Sentiero B&Bio (or similar)

Grade: Comfortable Guesthouse

#### DAY 5 - Circular ride around Sant'Antioco Island

You can choose to kick back and relax today or take a cycle ride around the island. Our suggested route makes its way around the island, with stops at various inlets for a break or picnic. Other options include taking a fishing boat excursion or just to relax on the beach.

Total cycling distance today is approximately 40 kilometres (380 metres total accumulated ascent and 380 metres descent) (optional).

### **DAY 6 - Return to the main island and cycle to Teulada via Zuddas cave**

This morning you ride back to the main island of Sardinia. Leaving S. Antioco there is a section of about 2km where you have to ride on the busier main road before turning onto quieter secondary roads. The first stop on today's ride is at the village of Tratalias, with its Romanesque church dedicated to Santa Maria di Montserrat. After the village of Santadi, you pass by the stunning caves of Zuddas where you have the option to visit. Finally a ride along a quiet road leads you to Teulada, your final destination for today, famous for terracotta pipes and highly refined embroidery.

Total cycling distance today is approximately 50 kilometres (517 metres total accumulated ascent and 467 metres descent)

ACCOMMODATION:  
Hotel Jasmine (or similar)

### **DAY 7 - Breathtaking Costa del Sud ride to Pula. Bus to Cagliari**

The final ride is a must for cyclists! The Costa del Sud is an incessant repetition of ups and downs with breath-taking views over the coast and the sea, with occasional watchtowers and beautiful inlets. There are several places to stop and swim in the crystal clear water. The final stop is in the lively town of Pula from where you catch the local bus to Cagliari, which takes about one hour. With such little time in this city you may choose to extend your stay beyond tonight.

Total cycling distance today is approximately 49 kilometres (545 metres total accumulated ascent and 589 metres descent)

### Budgeting and packing

#### Clothing

When cycling: quick drying cycle tops, padded cycle shorts, lightweight wind and water proof jacket and warmer breathable layers where local conditions require.

General: Pack essentially for hot or mild weather depending on the time of the year plus some warmer clothes for colder nights. You may want to pack a swimsuit and towel, depending on the time of year, as there will be some opportunities to swim.

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. We do not recommend roadbike cycling shoes with protruding cleats on this trip because part of the first ride is on a gravel road and sand. MTB flat shoes are fine. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

## Luggage

20kg

### Luggage: On tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember that you'll have to carry your own luggage so don't overload yourself.

### Luggage transfer

Included between each hotel.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.
