DAY 1 - Holiday starts in Pisa

After checking in to your hotel in Pisa, we recommend spending time exploring the narrow streets, pastel houses and churches of charming Pisa, maybe stopping en route to enjoy a glass of locally-produced Chianti. Your bike will be delivered either today or tomorrow morning and you will be required to sign an agreement of care upon receipt of the bike.

Public transport options are available from Pisa Airport (PSA). Taxis can also be arranged locally at the airport.

DAY 2 - Return cycle Pisa to Calci Monastery; afternoon in Pisa

Today ride out from Pisa through the inspiring countryside of Monte Serrato to the grandiose Certosa of Calci Monastery. Founded in 1366, it houses a magnificent Natural History Museum. We return the same route that leads us back to Piazza Garibaldi in central Pisa, from where it is a short ride onto the Leaning Tower and Miracle Square. This afternoon you can explore Pisa's many beautiful and historic buildings, palaces, churches, towers and town squares by bike or on foot.

Your total cycling distance today is approximately 33 kilometres (total ascent 90 metres, total descent 90 metres).

DAY 3 - Pedal along the Serchio River to Lucca

Today's scenic ride is almost completely flat. Your route follows the Serchio River to the charming town of Lucca. Here, you will have ample time to explore the town's splendid architecture and gardens, including its majestic bell tower and impressive Piazza Anfiteatro. We also recommend a ride around the tree-lined city walls before heading to your hotel base for the next two nights in Lucca.

Your total cycling distance today is approximately 33 kilometres (total ascent 330 metres, total descent 320 metres).

DAY 4 - Enjoy a circular route through the Luccan countryside

Today, you have the choice between two routes of varying difficulty as you cycle through the outskirts of Lucca and out into the surrounding countryside. The shorter route is reasonably flat interspersed with a few hills, whereas the longer route is more hilly and demanding, but offers enviable views. Both routes pass by some of Lucca's characteristic Renaissance villas and we recommend taking time to stroll through their luxurious gardens.

Your total cycling distance today is approximately 33 or 40 kilometres (total ascent 170 or 450 metres, total descent 170 or 450 metres), depending on the route you choose.

DAY 5 - Pass the Fucecchio Nature Reserve on your ride to Vinci

This morning you have the option of either getting the train to Altopascio, or cycling there along flat terrain. From here, the scenery steps up a notch as you ride past the Fucecchio Nature Reserve. This is the largest inland wetland in Europe and a transitory stop on migratory routes for over 200 species of birds. You may choose to spend some time here before continuing on your route along secondary roads that wind through low hills covered in olive groves and vineyards. The small village of Vinci is the birthplace of Leonardo da Vinci and home to two fascinating museums honouring the Renaissance polymath. Your hotel is a farmhouse situated about two kilometres from Vinci.

Your total cycling distance today is approximately 54 kilometres (total ascent 270 metres, total descent 270 metres). If you choose to take the train to Altopascio, your cycling distance is approximately 29 kilometres (total ascent 250 metres, total descent 250 metres).

DAY 6 - Explore Vinci; train to Florence

We suggest you spend the morning exploring the museums and streets of Vinci on two wheels along with a ride just out of town to the actual birthplace of Leonardo. There is the option from the birthplace to either return to Vinci or continue up and out further into the countryside to gain fine views over Vinci and the surrounding area. The medieval hamlet of Vinci is famous for the two museums that are dedicated to the genius-inventor Leonardo Da Vinci. In the museums you can see many reconstructions of his incredible inventions and several of the original designs. Once finished you will leave your bike at the hotel before collecting your luggage and taking your included vehicle transfer to Empoli train station. Here, you will catch the local train to Florence (you will need to buy this train ticket locally as this cannot be pre-booked). From the Firenze Santa Maria Novella train station in Florence you can either walk the short distance to the hotel or you may prefer to catch a taxi. Widely regarded as the cradle of the Renaissance, Florence is a city which impresses at every turn. From the Duomo Cathedral to the Ponte Vecchio Bridge and Michelangelo's spell-binding statue of David, there is so much to discover. A visit to the Uffizi Gallery is a must, with its abundance of canvases by Botticelli, Leonardo da Vinci and a host of other greats. We also suggest a visit to Piazza del Mercato Centrale, which has a big food market on the ground floor and restaurants on the upper floor.

Your total cycling distance today is approximately 8 or 15 kilometres (total ascent 175 or 450 metres, total descent 175 or 450 metres), depending on the route you choose.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Day 2 - This afternoon visit Miracle Square and the Leaning Tower, followed perhaps by the Duomo, the Arno promenade or the just explore the quiet streets and shops.

Day 6 - This morning in Vinci we suggest visiting the Leonardiano museum and to see his birthplace.

Day 7 - Florence has lots to see and do, including the Duomo, Uffizi Gallery, Centro Storico, Palazzo Vecchio, plus numerous museums, Basilicas and Piazzas.

Clothing

Bring cycling gear such as quick drying cycle tops, padded cycle shorts and cycle gloves. If travelling in Spring or Autumn months it can be cool, especially at night, so bring a warmer jacket/fleece. A waterproof cycle jacket is recommended in case of rain. A light windproof jacket is always useful.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage: On tour

Bring one main piece of baggage as per your airline luggage allowance, maximum 20 kg per person. Remember you are expected to carry your own luggage if using public transport so don't overload yourself. Luggage transfers between hotels are normally arranged by the hoteliers. Mark your bags clearly and leave them at the place and time arranged with them. When travelling on public transport you should always take your luggage with you.

Luggage transfer

Included between each hotel and on day 6 the accommodation owner will take you and your luggage from Vinci to Empoli train station for your train journey to Florence.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn.

Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Maps - Along with the destination manual and route notes you will be sent a set of maps that have been created specifically for this trip to help you navigate. The route is marked on each map together with a series of numbered waypoints which correspond with instructions in the route notes. Should you wish to purchase a more detailed commercially produced map we recommend the following:-
