Pass the Schonau and Orth castles then cycle on to the Habsburg Castle in Eckartsau. We recommend a detour to castle Hof, a magnificent castle which was built at the behest of the Austrian empress Maria Theresa; its impressive park and the gorgeous architectural monuments are definitely worth a visit. Stop to visit the village of Hedervár and its castle which has been converted to a hotel. Further on, partly along the idyllic Danube you arrive to Győr, the 'metropolis' of west-Hungary, a dynamically developing city with a Baroque city centre. Once you have checked in to your hotel and left the bikes we suggest you visit the town hall which used to have a prison in the basement, the Diocesan Treasury to view its medieval manuscripts or try out one of the town's thermal baths.

Climate and country information

Austria

Climate

Austria has a variable climate with frequent changes of weather from day to day. Expect a contrast of warm summer days with the possibility of showers at any time.

Time difference to GMT	Plugs	Religion	Language

Hungary

Climate

Summer days are generally quite hot and sunny with usually between 9-10 hours of sunshine daily. Winter days are usually quite windy and temperatures are regularly around or just below freezing. Night time temperatures can drop quite low in the hills whilst most rain falls in spring and early summer. Sudden rain showers can, however, occur at any time of the year.

Budgeting and packing

Clothing

Bring cycling gear such as quick drying cycle tops, padded cycle shorts and cycle gloves. Remember that the weather is slightly more changeable in spring and autumn and it can be cool, especially at night and at the start and end of the season, so bring a warmer jacket/fleece. A waterproof cycle jacket is recommended in case of rain. A light windproof jacket is always useful.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling.

Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage: On tour

Bring one main piece of baggage as per your airline luggage allowance, maximum 20 kg per person. Remember you are expected to carry your own luggage during transfers by public transport so don't overload yourself. Luggage transfers between hotels are normally arranged by the hoteliers. Mark your bags clearly and leave them at the place and time arranged with them. When travelling on public transport you should always take your luggage with you.

Luggage transfer

Included between each hotel.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet.

Cycle glasses (to protect against dust, insects, pollen, sun etc) , cycle gloves (padded for more comfort) and a water bottle or water delivery system (eg camelback or platypus). You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Maps - Along with the destination manual and route notes you will be sent a set of maps that have been created specifically for this trip to help you navigate. The route is marked on each map together with a series of numbered waypoints which correspond with instructions in the route notes.
