Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Trip starts at Gran Canaria Airport. Taxi to Agüimes

Upon your arrival at Gran Canaria Airport (LPA), you will be driven to Agüimes on the south-eastern part of the island, where you'll spend the next two nights. The rest of the day is free to relax, perhaps taking a short wander through the medieval streets of the small old town before dinner.

We are currently working on two alternative routes that will replace day 4 (Altavista Ridge) & day 6 (Tejeda - Fagajesto). These are the areas which are the most affected by the recent fires (Updated October 2019).

ACCOMMODATION:
Hotel Rural Casa de los Camellos (or similar)

Grade: Premium Hotel

DAY 2 - Discover the natural beauty of Guayadeque gorge

After breakfast, today starts with a transfer to the start of the trail. You'll spend today amongst the towering cliffs of the Guayadeque gorge, the largest ravine in the Canary Islands. Home to many endemic species, some say this hidden gem is one of the most beautiful places on the island. The gorge was also home to the first inhabitants of the Canary Islands and you can still see the remains of their cave houses along the way.

Today's walk is 11.5 kilometres long and should take around 4.5-5 hours. Total ascent is 400 metres and descent 820 metres.

ACCOMMODATION:
Hotel Rural Casa de los Camellos (or similar)

Grade: Premium Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 3 - Climb to the summit of Gran Canaria's highest peak

Depending on how energetic you're feeling and how much distance you'd like to cover, you have a choice of three start points for today's route, all with the aim of reaching the top of Gran Canaria's highest peak, Pico de las Nieves. At 1,949 metres high the views from the summit are incredible. It can often be cold and misty at the top but if the weather is good, you will be able to see over the surrounding mountains and maybe even as far as the neighbouring Canary Islands: Lanzarote, Tenerife and La Gomera. As you begin to descend, your final destination is the village of Tejeda, where you will spend the next three nights, set amongst the mountains of central Gran Canaria.

Today's walk is 19 or 11 kilometres long with 450, or 50 metres of ascent and 900 metres of descent; the longest route should take around 7 hours, the shortest should take around 4 hours.

ACCOMMODATION:
Hotel Fonda de la Tea (or similar)

Grade: Comfortable Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 4 - Circular walk from Tejeda to Roque Bentayga

Today's walk is an easy route leading to the UNESCO heritage site of Roque Bentayga. Your route starts and ends in Tejeda, so no transfers are required. Leaving your hotel, first you walk down into the Barranco de Tejeda then back up a zigzag path to the road to Roque Bentayga. Next, if you choose, you do an optional section on tarmac to reach the visitors' centre. The next part follows a narrow footpath along the ridge to the vista point at Cruz de Timagada, and the last section takes you through two small villages on your way back down to Tejeda.

Today's walk is either 10 kilometres taking approximately 5 hours with 700 metres of ascent and descent, or 14.5 kilometres taking approximately 6.5 hours with 900 metres of ascent and descent.

After the walk, you'll have time to visit the Spice Centre in Tejeda for an insight into the traditional use of medicinal plants on the island. There's a botanical garden and laboratory, and you'll have the option of sampling different spices. Tejeda also has a small museum and cultural centre with ongoing exhibits. This evening,, enjoy the sunset from the hotel (roof-top) terrace, with the silhouette of Bentayga Peak in the background.

ACCOMMODATION:

Hotel Fonda de la Tea (or similar)

Grade: Comfortable Hotel

MEALS PROVIDED: BREAKFAST

DAY 5 - Walk to Roque Nublo; forests and ravines

Starting directly from the hotel, today's route traverses the gorgeously steep terrain around Roque Nublo, a rocky outcrop teetering on the edge of a plateau. This may not be the highest peak on the island but it is certainly the most easily identifiable, as it's visible from almost anywhere on the island. After a kilometre the tarmac gives way to steep paths which zigzag up towards Roque Nublo. The peak's volcanic origins become evident higher up and you gaze hundreds of meters down steeply eroded ravines. Descend through a peaceful pine forest to reach a col from where you can catch a bus back to Tejeda or continue on foot to the village.

Today's walk is 12 kilometres long, with 800 metres of ascent and 400 metres of descent, and should take around 5.5 hours.

If you feel like walking further, you have the option of continuing down along the old Camino Real back to the village. This adds 2 hours and 8km to your walk, with 400 metres extra in descent, 75 metres extra in ascent.

ACCOMMODATION:
Hotel Fonda de la Tea (or similar)

Grade: Comfortable Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 6 - Circular walk from Firgas

Leaving Tejeda behind today, the next and final destination is Agaete on the north west coast of Gran Canaria, where you'll spend your final two nights. On your way there, you will do a spectacular route in the Barranco de Aumartel. A taxi transfer takes you to the start of the walk, a route which leads down into the gorge then along an adventurous traverse with a bit of scrambling (there's an optional shortcut to avoid this section, if you wish). The last section circles back up to Firgas, where you'll be met for the transfer to your next hotel.

The walk today is 12.5 kilometres and takes approximately 6.5 hours. Total ascent is 1000 metres and descent 850 metres.

ACCOMMODATION:
Hotel Puerto de las Nieves (or similar)

Grade: Premium Hotel

SINGLE ROOM AVAILABLE

DAY 7 - Walk along the Camino Real above Agaete Valley

A taxi will take you to the village of San Pedro for the start of today's walk along the Camino Real. Ascending to the top of Montana Bibique (645m), a rugged outcrop at the top of steep cliffs, you'll have fabulous views over the Agaete Valley. From here you may wish to walk further on to Mirador Vuelta de la Paloma at 850 metres, which adds an extra 5 kilometres to the route. Alternatively you can continue along a narrow gravel path back down to Puerto de las Nieves and your hotel.

Today's final walk is 9 kilometres and takes approximately 4.5 hours. The total ascent is 630 metres and descent is 650 metres. The additional walk via the view point is an extra 7 kilometres which adds an additional ascent and descent of 60 metres and takes approximately another 2 hours.

ACCOMMODATION:
Hotel Puerto de las Nieves (or similar)

Grade: Premium Hotel

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 8 - Trip ends at Gran Canaria Airport

Today a taxi will pick you up and take you to Gran Canaria Airport (LPA), where the trip ends. If you do not require this transfer, please do let our self-guided team know.

Climate and country information

Canary Islands

Climate

The Canary Islands enjoy a relatively stable climate making them a good year round destination. The warmer temperatures in the winter months also make the islands a great winter walking holiday choice. The best months for walking are October to April, avoiding the heat of the summer, the evenings can still be chilly and rain is possible in January and February. The Canary Gulf Stream and trade winds provides each island with its own micro-climate, bringing different climatic conditions to each side of the islands.

Spain

Climate

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

Budgeting and packing

Clothing

Bring some lightweight clothing for pleasant, balmy days (including shorts for walks when warmer), but remember that temperatures drop with altitude and that evenings may be cool so also bring a warm sweater or fleece. As mountain weather is changeable it is important to bring a light waterproof and windproof outer garment.

Footwear

Walking or trail boots with good ankle support are essential, plus comfortable trainers/sandals for relaxing.

Luggage: On tour

Bring one main piece of baggage as per your airline luggage allowance, maximum 20 kg per person. Remember you may need to carry your luggage at times so don't overload yourself. Luggage transfers between hotels are normally arranged by the hoteliers. Mark your bags clearly and leave them at the

place and time arranged with them. When travelling on public transport you should always keep your luggage with you.

Luggage transfer

Included between each hotel.

Equipment

Bring a water bottle, torch, sunhat, sunscreen and sunglasses. A trekking pole is recommended for the steep descents.

Maps - Along with the destination manual and route notes you will be sent a set of maps that have been created specifically for this trip to help you navigate. The route is marked on each map together with a series of numbered waypoints which correspond with instructions in the route notes. Should you wish to purchase a more detailed commercially produced map we recommend the following:-

General Map

- Canary Islands - ADAC scale 1:150.000 Overview in fairly good detail (though less on the smaller islands). Still the best choice for a general map.

Topographic Map

-Gran Canaria, map 237 (scale 1:50.000) Published by Kompass editions.
