### DAY 1 - Trip starts in Canazei

The first three nights of your holiday are spent in the mountain village of Canazei, nestling in the shadow of the Dolomites. Canazei serves as a great base for climbers and hikers in the summer and is a ski resort in the winter. Your traditional mountain hotel has great views of the Sella and Marmolada mountain ranges. Its simple and cosy rooms have private bathroom facilities, a safe, hairdryer and television.

### DAY 2 - Hike around Sasso Piatto

Today's long and incredibly beautiful hike is amongst the striking, jagged limestone mountains of Sasso Piatto. To get to the start of the walk you can catch a local bus from Canazei to Campitello di Fassa and then take a cable car to the Col Rodella. A panoramic track leads you to the Rifugio Sasso Piatto, a

mountain hut from where you have wonderful views of Sasso Piatto's jagged rocks and can stop to take a break. Continuing on to the Langkofel hut, you enter an almost surreal lunar landscape of limestone; sandwiched between the two giant peaks of Sasso Piatto on your right and Sasso Lungo on your left. You eventually descend steeply down to the valley station of the Sasso Lungo chair lift. You can either catch the chair lift part way down or walk all the way back to the Col Rodella on mostly gravel roads.

You can expect today's 16.5 kilometre walk to take approximately six hours with a cumulative ascent of 810 metres and descent of 850 metres.

This circular walk takes you around the imposing Catinaccio group of mountains. You walk over tracks and gravel roads, passing Malga Vael and the Roda di Vael hut before starting to climb up to the Zigolade Pass (2549m). You then start your descent, flanking Forcella di Davoi and Cima Catinaccio with their jagged peaks. You pass the huts at Preuss and Gardeccia, where you may want to stop and reward yourself with a local snack before continuing back to your starting point.

You can expect today's 14 kilometre walk to take approximately six hours with a cumulative ascent of 620 metres and descent of 650 metres.

Reaching the Sella Pass (2244m) you continue on with amazing views of the whole of the Sella Group on the right, beautiful and imposing. Finally you reach Passo Gardena where your accommodation for the next two nights is a cosy mountain lodge, or rifugio as they are called in Italy.

### Budgeting and packing

#### Clothing

We recommend taking lightweight and breathable clothing that can be layered according to the temperature and your level of activity. This should include a good quality waterproof jacket and trousers (e.g. Goretex / e-Vent), fleece jacket, comfortable walking trousers, shorts, warm hat and gloves, sunhat and sunglasses. Temperatures can change dramatically at altitude and at night.

## Footwear

Take a pair of good, comfortable and broken in walking boots. Trainers and/or sandals for post-trek relaxation.

## Luggage: On tour

You will need one main piece of baggage and a waterproof daypack sufficiently large to take spare layers of clothing, your water bottle, picnic and camera during each days walking (25-40 litres recommended). Your main luggage will be transferred to your next accommodation on days 4 and 6. Please clearly mark all your belongings with your name and the name of the next accommodation in order to indicate where the bags should go to next. Bags should be ready and at the reception or store room by 09:00 on the morning of your departure.

## Luggage transfer

Included between your accommodation in Canazei and Passo Gardena

## Equipment

You will need a water bottle (preferably 2 litres) and high factor sun cream. Trekking poles are recommended.

Tap water is safe to drink at the hotel and rifugio, but water sources along the trail may not always be drinkable. We recommend you bring water purifying tablets if you intend to fill-up along the trail. Using tap or purified water rather than bottled water will help avoid creating plastic bottle waste.

Maps - Along with the destination manual and route notes you will be sent a set of maps that have been created specifically for this trip to help you navigate. The route is marked on each map together with a series of numbered waypoints which correspond with instructions in the route notes.
