## DAY 2 - Walk through the Anidri Gorge, or if travelling June to September walk along the coast from Elafonissos to Paleochora

In the morning you will be taken by taxi to the village Azogires where your walk starts along the 'Monastery of the 99 Monks'-trail. You will encounter a variety of scenery today including olive groves, the quiet hill top village of Anidri with a Byzantine church and the popular school house tavern, the small gorge of Anidri, the tranquil beach of Gialiskari and a coastal stretch back into Paleochora. You may swim before going back to your hotel.

From June to September you may opt for the alternative program for today, including a relaxing ferry journey from Paleochora to the enchanting Elafonissi Lagoon, from where you walk back towards Paleochora along the coast. The ferry runs daily except Sundays from June to September. En route, you will pass beautiful, remote sandy beaches - ideal spots from which to enjoy a refreshing dip. The walk ends at Kryos Beach, where a taxi will pick you up for the transfer back to your hotel.

If the ferry is not running, a taxi will take you to Azogires from where you will walk down to Paleochora. You can expect both of today's 10 kilometre walks to take approximately three to four hours.

In ancient times, people came to Lissos to be cured by the local waters. You can enjoy a picnic lunch on this historic spot and swim in the curative waters before continuing your journey east. #### **DAY 5 - Trek through the famous Samaria Gorge**

Today's walk takes you through Europe's longest and most famous gorge - the Samaria Gorge. You can either start very early or later in the day, avoiding the crowds of people who walk the gorge as a day trip. During quieter hours, you'll enjoy the true beauty of this spectacular gorge all the more. You will be transferred to Xyloskala, the entrance of the gorge, and the start of your walk. Please note that the Samaria Gorge is usually closed until the end of April - Opening depends on the amount of rain the area is receiving. At any time of year if there is heavy rain the Gorge can also be closed. In this event

arrangements will be made for you to travel to Sougia and take the ferry from Sougia to Agia Roumeli. From there, there is an optional walk to the 'Kastro' (approximately 10km).

Tonight's accommodation in the seaside village of Agia Roumeli is positioned at the very end of the gorge, which leaves you as much time as you need for the walk. No organised trips to the gorge include an overnight stay here, so it remains peaceful in the evenings. Your modern style accommodation is just 200 metres from the beach. Upon arrival, you may choose to have a relaxing swim in the crystal-clear Libyan Sea, before enjoying dinner at one of the local taverns.

## Climate and country information

### Greece

#### Climate

Greece has such a vast geographical difference between the mainland and the islands, and travel is possible at all times of year but the climate can vary depending on when you go. During late spring or early autumn, in the months of April-May or September-October, temperatures are warm and pleasant, usually hovering around 25 degrees. Rainfall is low, but can be erratic during these months. Cooler evenings take the heat off the day. If you have booked a walking holiday, wild flowers bloom during the spring, adding colour to the hiking trails. Summers are hot and dry, with plenty of sunshine and little rain. Temperatures can go north of 35 degrees in July and August. On the islands, restaurants and bars may be busy with cruise ship passengers. While this period definitely gives you a 'summer holiday' feeling, those wishing to explore Greece's ancient sites may find the heat challenging. When travelling in winter, from late November to early March, the villages will be very quiet. Temperatures in Athens at this time are around 10-15 degrees, while the nights will be colder. Hotels in northern Greece in particular are well adapted to deal with cold winters, having proper heating and warm fires to retreat to after a day of exploring. This makes it a good destination for travel between November-March.

## Budgeting and packing

### Clothing

Light clothes suitable for walking in warm weather are recommended. However early and late in the season (May/June/September/October) also bring warm clothing in case of drops in temperature or the odd shower. In high places like Omalos nights can be cold, so a fleece jacket is a good thing to have at any time of year.

### Footwear

Well worn, sturdy walking boots with good ankle support are essential for the walks. Sandals and trainers are recommended for relaxing in the evenings.

### Luggage: On tour

Bring one main piece of baggage as per your airline luggage allowance, maximum 20 kg per person. Remember you are expected to carry your own luggage during transfers by public transport so don't

overload yourself. Luggage transfers between hotels are normally arranged by the hoteliers. Mark your bags clearly and leave them at the place and time arranged with them. Luggage transfers may be done using ferries rather than vehicles, but again the hoteliers will manage this. (If the ferry between Sougia and Agia Roumeli is not running but the Samaria Gorge is open then it may be necessary to carry one nights essentials with you). When travelling on public transport or on a ferry you should always take your luggage with you.

## Luggage transfer

Included between hotels.

## Equipment

Bring a personal water bottle (at least 2 litre capacity) and sun protection for use during the walks. You may find a trekking pole useful over the downhill sections. You may also wish to take a swimming costume and towel.

Please note: 2 x 1:25,000 maps are provided on arrival in your welcome pack. These cover Samaria-Sougia-Paleochora and Lefka Ori-Sfakia / Pachnes.

## Tipping
