Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip in Mahé Island

Arrive in Mahe, the largest island within the Seychelles Archipelago, and get a sense of the laidback charm as soon as you step out of the airport. Home to the Seychelles capital Victoria, Mahe is most built up of the islands and is the most populated and yet it's only a short drive in any direction to find a quiet, beautiful spot in the Indian Ocean.

For those arriving on time today our Leader plans to meet you in the hotel reception at 6pm for the welcome meeting and to take us to the nearby night food market just a short walk along the beach. Visiting the night market is a great opportunity to sample the very popular creole street food and browse the handicraft stalls. You'll have the choice between delicious seafood barbecues and coconut laced curries that can you eat by the sea alongside fellow travellers and locals.

If you would like to receive a complimentary airport transfer today, you'll need to arrive into Seychelles International Airport (SEZ), which is around a 30 minutes' drive from the airport depending on traffic.

Please note that if you wish to visit the night market today, you must arrive at the hotel by 6pm. If you are booking your own flights, we recommend giving yourself at least 1 hour to clear the airport. From the airport to the hotel is around 30 minutes' drive, so therefore the latest your flight can arrive is 4.30pm. Should you miss the welcome meeting, your Leader will inform you of any essential information as soon as you catch up.

DAY 2 - Excursion to Victoria and the Botanical Gardens

We spend this morning exploring Mahe's capital, Victoria, on foot. Whilst it may be more of a capital town than a capital city, Victoria is definitely worth a visit. Independence Avenue, the modern shopping area, is as charming and full of life as the old colonial quarter. The heart of the city is around the cathedral and famous clock tower, which is a perfect (smaller) replica of London's Big Ben. We include a visit to the market with its abundance of colourful fruit, vegetables and freshly caught fish before continuing on to the tranquil Botanical Gardens. Here we see the famous coco de mer nut, giant tortoises and a collection of rare exotic plants. Colonies of fruit bats roost overhead and regularly take flight across the giant palms. We return to our hotel around lunch time and this afternoon is free to enjoy the facilities and simply relax. The Seychelles beaches are incredibly clean and free from litter, they are also all open to the public so there are no beaches off limits - you can lay your towel wherever you choose.

DAY 3 - Full Day Tour of Mahe Island

Mahe is the Seychelles largest island and is the political and economic centre. Some 27km long and 8km wide, it has beautiful beaches with powder white sand, graceful palms and clear turquoise waters. The incredible diversity of the islands' scenery and vegetation is due in part to its mountainous interior which reaches a height of 905m. Roads on Mahe are well maintained and provide good access to the many hidden coves and villages. Today we take a trip which takes in all of the island's highlights. Travelling by bus and on foot we follow the short Glacis Trois Freres Trail, passing through lush rainforest and a tea plantation, ending at the factory where you may take a short guided tour or simply sit with a brew and take in the magnificent Indian Ocean views. We will also visit the Mission, a place of historic importance after the slave trade. Arriving at Baie Ternay Beach around lunch time there will be opportunities for swimming and snorkelling before taking a stunning coastal drive right around the southern peninsula, stopping to take photographs and admiring the incredible scenery and vivid island colours.

DAY 4 - Optional boat trip to the St. Anne Marine National Park

An optional full day boat trip is available today for those who want to take to the water and explore other islands and the wonderful marine life. The boat is glass bottomed and sails from Victoria to the St Anne Marine National Park, a cluster of islands off the north east coast. The calm crystal waters are perfect for snorkelling and sightings of turtles are very common. We land on one of the protected reserves and say hello to the giant tortoises who reside here. We enjoy a barbecue lunch before taking to the waters once more, swimming as we anchor alongside a beautiful beach. For those who do not participate in this activity our hotel has a lovely pool and access straight on to the beach. On many of the Seychelles beaches it is possible to wade out and snorkel straight from the shore line, this in part is due to the enormous granite boulders which dramatically rise out of the sea and appear to book mark the ends of each beach. These imposing rocks shelter the waters, and are what differentiate the Seychelles beaches from those found elsewhere in the Indian Ocean.

DAY 5 - Catamaran to Praslin Island. Visit Vallee de Mai National Park

This morning we leave Mahe and take the one hour crossing to Baie Saint Anne, Praslin, the second largest island in the Seychelles archipelago. Keep a look out for dolphins on the journey as they are regularly spotted in these waters. Praslin is home to one of the Seychelles World Heritage Sites - the Vallee de Mai. It is a primeval rainforest containing the famous coco de mer palms that have the largest and heaviest coconuts in the world. Vanilla orchids, a variety of lizards, frogs and some of Earth's rarest birds also reside here. The walk follows a designated pathway and is shaded almost throughout as the trees provide an enormous rainforest canopy offering a welcome relief from the hot sun. Our entrance ticket is valid all day so we can spend as long as we wish here before taking the simple downhill walk back to our hotel. This evening there are several restaurants close by to try out, plus there are also take away options. Whilst seafood and aromatic curries may dominate the menus in this part of the world, there is plenty of choice with pizzerias and Italian restaurants popular too.

DAY 6 - Full day boat trip, go snorkelling and meet giant tortoises

Praslin is an ideal place from which to take a boat trip and explore other islands in this vast archipelago. Departing after breakfast we take a full day boat trip which visits the island of Curieuse and anchors at the snorkelling spot, St Pierre. Disembarking at Curieuse we are greeted by giant tortoises who amble freely, close to the waterfront. An hours' walk through the interior takes us across boardwalks above the mangrove swamps. Hundreds of mud crabs scuttle into their holes as we approach. As we get close to the water's edge listen out for splashing; small sharks and rays are often sighted here. The conditions may be hot and humid but the majority of the walk is flat and in shade. A delicious barbecue lunch is served back on board before continuing to St Pierre Island, a pristine snorkelling area with colourful fish and the occasional turtle. We arrive back at our hotel around tea time so can freshen up before venturing out later for supper.

DAY 7 - Beautiful Island walk across Praslin

Just a few yards from our hotel we catch the public bus this morning to the start of our walk. After disembarking we descend slowly along pathways, taking our time as we stop to look at the endemic fauna, listen out for birdlife and take in the stunning panoramic views. We cross to the other side of the island and arrive at our first beach and swim and snorkel before continuing on towards the headland. The scenery is magnificent as we look out across the ocean and other islands. Anse Lasio is our final destination, arguably the most beautiful beach in Praslin. Here we spend some time enjoying the crystal clear waters and soft white sand. Again we swim and snorkel enjoying the marine life right from the

shore. After our full day of exploration we take the local bus back to our hotel which follows either a coastal or mountainous route depending on the timetable running that day.

DAY 8 - Ferry to La Digue. Explore the island by bike

We depart Praslin and take a short fifteen minute ferry journey to laid back La Digue. This island is the smallest of the three on our itinerary and is the epitome of idyllic isolation. It has a real traditional charm about it with plantation houses and dusty roads. Arriving here is like stepping back in time. Transport is very closely controlled on La Digue and the most popular form of travel is by bicycle. The beaches are simply breathtaking; it is a pure photographers dream. This afternoon we take to our bikes and cycle along the top of the island. La Digue is geared up for cycling offering smooth paths which run parallel to the beach and virtually no traffic. The water is so clear marine life may even be spotted from your saddle. There is ample time to stop wherever you choose, enjoy the incredible scenery and maybe spot a giant tortoise seeking shade under a tree. We return to our characterful hotel in time for supper. Our property is a stunning former chateau, with villa style accommodation dotted around the gardens and swimming pool.

DAY 9 - Visit a working coconut plantation

After breakfast we will take a walking tour to L'Union Estate, a working coconut plantation. We will be taken through the whole process from the coconut dropping from the tree to producing coconut milk and oil. The plantation sits in a lovely garden setting and the buildings offer great examples of Creole architecture. It is also located close to a succession of stunning beaches. The rest of the day is left free to enjoy this island paradise. You may like to drop by the local ice cream parlour to enjoy a refreshing drink and sample the tropical flavours.

DAY 10 - Visit three beaches on a walk around La Digue

Today we explore three of the most stunning beaches found on the island. These are off the beaten track and so we will enjoy these shores almost to ourselves. The start of the walk takes us past La Digue Vev Reserve. This is home to the paradise flycatcher, a bird endemic to La Digue which has quite remarkable colouring. The male is a blackbird with a bright blue bill and blue around its eyes; it appears to be wearing bright blue sunglasses! We then continue towards the beach and after half an hour or so will reach our first beach of the day, Grand Anse. We are greeted by an enormous expanse of white sand, turquoise water and huge boulders jutting from the sea. After a refreshing drink we continue further to the second beach, Petit Anse. This walk takes a rocky path, shaded in places, providing glimpses through the vegetation of the incredible blue sea and white sand below. Our third and final beach, Anse Coco, is worth the effort of a further thirty minute walk. This beach not only has the powder sand and crystal waters of the others, it also has a hidden gem - a large secluded rock pool hidden behind a cluster of enormous boulders. It provides the most perfect swimming spot. The afternoon is quite flexible with the option to stay at the beaches as long as you wish, relaxing, snorkelling and just taking in this incredible paradise. We'll take a slightly different route back to the hotel at the end of the day which is approximately one hour of gentle walking.

DAY 11 - Return to Mahe where the trip ends

This morning after breakfast we take a ferry from La Digue to Mahe.

We take the early ferry from La Digue to Mahe, via Praslin, however, the ferries are subject to delay. Therefore, the official end of the trip is 11.30am in Mahe.

If you're arranging your own international flights your trip officially ends on arrival into the port of Mahe. To receive a complimentary transfer to the airport you must depart from Seychelles International Airport (SEZ), and the earliest your flight can depart from is 3pm, allowing travel time from the port to the airport and the recommended three hour check-in. If you book flights departing later in the day, you can speak to your Leader about availability and costs to book a day room at our Beau Vallon hotel.

If you have booked your flights with Explore departing later in the evening from Seychelles International Airport (SEZ) we will provide shared dayroom facilities at Beau Vallon before transferring you to the airport in time for your flight.

Trip information

Climate and country information

Seychelles

Climate

The location of the Seychelles, almost directly on the equator, ensures the islands of the Mahé group have a relatively constant climate. Average daytime temperatures range from 24 to 30°C. Relative humidity hovers around 80%. Seasonal winds provide not only refreshment, but also a certain amount of climatic variation. The 'cooler' dry season between May and October is a result of the southeast trade wind. From December until mid-March the northwest monsoon is responsible for warmer, wetter weather. Between these two distinct seasons the islands experience intense heat occasionally aggravated by a complete absence of wind.

Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Mahé Island - Tea factory tour €2.00 per person; Glass bottom boat trip (including lunch and snorkelling) €105.00 per person.

La Digue Island - Bicycle hire €10.00 per person per day.

Clothing

Clothing should be lightweight and ideally cotton all year round. Shorts and T-shirts are acceptable everywhere, although take long trousers/skirts for evening wear. Don't forget your swimming costume.

Lightweight walking bootshoes or trainers are useful for exploring the islands. Sandals for relaxing and beachwear.

Luggage

20kg

Luggage: On tour

One main bag - either a holdall, soft bag or suitcase, plus a daypack. Please remember that you will have to carry your luggage on and off ferries, so try not to overload yourself.

Equipment

Take a small torch, water bottle, sunglasses, sunhat, suncream, insect repellent, binoculars if planning to birdwatch and a beach towel. Snorkelling opportunities are endless so we strongly recommend you bring

your own mask and fins. Bring a lightweight rainjacket just in case.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow €20.00 per person for group tipping

Seychelles

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Recommended Currency For Exchange

We suggest you take most of your spending money in cash (in small denominations). Sterling, Euros and US Dollars are all readily convertible. N.B. US\$ notes should be in good condition and not torn or marked. Notes prior to 2000 of any currency are often not accepted.
