## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Join trip in Vancouver

Arrive in Vancouver and check-in to the hostel. Quintessentially Canadian, Vancouver is a modern, cosmopolitan city set amidst some of the most breathtaking scenery on the west coast. Sandwiched between the waters of the Georgia Strait and towering snow-capped peaks it is quite rightly considered one of the most beautiful cities in the world. The city is filled with a dazzling array of highlights, from its abundant museums, galleries and the impressive waterfront, to the engaging 'Gastown' area, one of Vancouver's oldest districts, which grew up around a saloon opened by an English sailor named 'Gassy' Jack in 1867. The area today is a charming mix of cobblestone streets, 19th century architecture and chic cafes and galleries. The city is also home to Stanley Park, which has been described as one of the best urban parks anywhere on the planet. Comprising some 400 hectares of forest, marshland and beaches, it is a spectacular testament to urban planning, its wild inner regions remaining the domain of raccoons, coyotes, eagles and owls whilst the outer edge is criss-crossed with a network of walking and cycling paths.

A note on our hostels: all of the hostels that we use throughout the trip are multi-share. You'll be sleeping in dorms with members of the same sex, possibly including other travellers, with shared bathrooms.

## DAY 2 - Explore Vancouver; ferry to Victoria

This morning we will take a brief tour of the city, discovering some of its treasures for ourselves, before we take an afternoon ferry to nearby Victoria, the capital of British Columbia and another worthy contender for the title of one of the most appealing cities on the planet. Based on the southern tip of Vancouver Island, the Hudson Bay Company originally established Victoria as a fur trading post in 1843 and today's old-fashioned tranquility belies its lurid past. During the gold rush years of the 1850s the town was filled with thousands of prospectors, drinking at the 60 or so saloons that filled the Market Square. On arrival there will be some free time to explore at your leisure - the Royal British Columbia Museum is highly recommended - before driving to our campsite at the Goldstream Provincial Park. Here, massive trees and majestic waterfalls are found just 16km away from Victoria City.

A note on our campsites: all sites used throughout the trip have toilet and shower blocks, and are in beautiful natural locations. You'll help to set up and break camp, as well as loading and unloading the trailer. Meanwhile, your local guide will cook you up some tasty food in the evenings. Campsites include kitchen areas, with some having space for barbecues and fire pits.

## DAY 3 - Drive to Pacific Rim National Park

We'll drive north today, towards the rugged wilderness of the Pacific Rim National Park. On the way we will make stops to view the totem poles carved by the First Nations of the Northwest Coast. In 1884 the Federal Government outlawed 'pot latching' and this unique art form nearly died out. Fortunately, in recent times there has been a revived interest in this proud tradition and the totems that can be found along this stretch of coast are strong reminders of the island's native people. We then continue on to the Pacific Rim National Park, which will undoubtedly be the highlight of our time on the island. The 130 km long park encompasses mountains, coastal rainforest, wild beaches and unkempt marine landscapes - all as diverse as they are beautiful. Our campground this evening is right in the middle of the forest, with walking access to a beach on the Pacific Coast, well maintained shower and bathroom facilities, and a firepit for warming up in the evening.

#### **DAY 4 - Free day in Pacific Rim National Park; Optional sea kayaking**

Today we are free to choose from a variety of different activities. The two most popular excursions are both out to sea. The more energetic may wish to take to kayaks and explore this wild coastline of hidden coves and rocky inlets. Alternatively, there is the chance to go whale watching from one of the coastal villages in the park. There is also the opportunity to go black bear watching today from a zodiac boat, or take an optional walk along one of the park's many trails. Our local guide will be on hand to organise these trips and accompany those wishing to choose one of the optional walks.

#### **DAY 5 - Drive to Nanaimo, ferry to the mainland, drive to Whistler**

This morning we will drive to the MacMillan Provincial Park, named after Harvey MacMillan, British Columbia's first real timber magnate. At Cathedral Grove we see one of the most accessible stands of giant Douglas firs in British Columbia, where we find an incredible setting of trees that are nearly a thousand years old, some of them reaching up to heights in excess of 70 metres. From here we continue to Nanaimo, once one of the richest cities in Canada, before the decline of its coal mining industry. A ferry will take us across the George Strait to Horseshoe Bay and back to the mainland, from where we

follow the 'Sea to Sky' Highway to Whistler. Our hostel for the evening is about a 10 minute local bus ride from Whistler town centre, and those who wish can head into town for a drink.

### DAY 6 - Free day in Whistler; walk or take a cable car ride

We have a free day in Whistler to enjoy the variety of activities on offer here, including a ride on the Peak2Peak gondola with spectacular views across the Rockies. There will also be the chance to walk on different trails around Whistler, either up on the mountains or around the peaceful shores of Lake Cheakamus. Trails vary from 30 minutes to several hours, and we can choose with the help of our local guide.

### DAY 7 - Drive to Clearwater via Spahats Falls

Today we drive northeast to Clearwater, pausing en route at various places to soak up the wonderful views. We will travel through the mountains of interior British Columbia, through different environments and climates, stopping at several viewpoints such as Savona or Seton Lake, where we can do some short walks before continuing on to Clearwater, and our campsite for the evening. After setting up camp, this afternoon we head the short distance to Spahats Creek Provincial Park from where we can take an easy walk to the 61m high Spahats Falls. These impressive falls cascade down through layers of pinky-red volcanic rock, and from the observation point we should also have a great view down the Clearwater Valley.

### DAY 8 - Visit Wells Gray Provincial Park, including Helmcken Falls

Wells Gray Provincial Park is an underrated beauty, the numerous glacial rivers and lakes fuelling 39 waterfalls in the wild forests, among which Helmcken Falls, at 141m, stands tall as one of the highest waterfalls in Canada. There are spectacular views from all along the park entrance road and great opportunities for wildlife spotting. The entrance to the short trail to Helmcken Falls is just off the road, and after viewing the roaring torrent we are then free for the rest of the day. The park offers an array of outdoor activities, including hiking and canoeing on amazingly clear lakes (all optional). You can hire a canoe here and feel as if you are really paddling off into the wilderness.

### DAY 9 - Drive to Jasper National Park via Mount Robson

Our journey to Jasper takes us towards Mount Robson Provincial Park. We will see Mount Robson itself, the highest peak in the Canadian Rockies (3,954m). It is tall enough to create its own weather patterns, and if we're lucky we'll be able to view this photogenic monolith from top to bottom. From here we enjoy a hike to the base of Mount Robson up to Kinney Lake. Jasper National Park is the largest of Canada's Rocky Mountain Parks, spanning nearly 11,000 square kilometers. Part of the UNESCO World Heritage Site, this is glacier country, and the friendly mountain hospitality, peaceful low-key atmosphere and the

promise of real adventure make any visit unforgettable. Mount Edith Cavell's wilderness hostel lies at the end of today's journey - this is true wilderness, with no electricity or running water (log burning fires heat the place in the cool evenings). However, what it lacks in amenities it more than makes up for in the location - the views out to Angel Glacier and Cavell Meadows are breathtaking. This is truly the Canadian wilds.

### **DAY 10 - Search for wildlife in Jasper National Park**

We start today by visiting Mount Edith Cavell for a spectacular view. We then have the full day ahead of us to explore the various highlights of the area around Jasper. Keep your eyes peeled for the wildlife that roams freely here - wapiti, elk, moose and bear. Aside from hikes in the park, you may wish to take the Jasper Tramway to the high alpine terrain of Whistler Mountain (named for the whistling sounds of the marmots that live there), hike in the Maligne Canyon, try one of the many biking trails in the area or go rafting on class 2 or 3 rapids - suitable for beginners.

### **DAY 11 - Drive along Icefields Parkway; see the Columbia Glacier and Athabasca Falls**

The Icefields Parkway is one of the world's greatest scenic drives, and we have the luxury of spending an entire day covering this route on our journey towards Kananaskis and Banff. We leave Jasper behind us, travelling along the Icefields Parkway which cuts its way through a mountain wilderness filled with rivers and stunning glacial lakes. Every kilometre of the Parkway is witness to spectacular scenery and we are likely to encounter wildlife along the road itself such as deer or even bear. We continue northwards and pass alongside the Columbia icefields where we will stop at the Athabasca Glacier and falls. At Athabasca Glacier there is the option of taking a guided glacier-hike or a snowcoach tour onto ancient glacial ice.

Our base for the next three nights is a wilderness hostel in Kananaskis Country, over 4,000sq km of spectacular wilderness that boasts several provincial parks and one ecological reserve. The hostel is an amazing location to explore this mountain playground in the foothills of the Rockies. With hot showers and electricity, this hostel is 'wilderness lite' - but surrounded by nature we'll have a real getaway from the city. This afternoon we'll head out on foot to walk the valleys and trails of this region.

## **DAY 12 - Walks in Banff National Park, including Lake Louise**

Set in the heart of the Canadian Rockies and the site of the country's oldest National Park, Banff is an expansive wilderness of some 6,641 sq km, encompassing a stunning landscape of spectacular mountain vistas, alpine meadows and crystal clear lakes. Today we will be making a visit to the picture postcard lakes, Louise and Moraine. Tom Wilson, the first white Canadian to see Lake Louise, when he was led there by a local indigenous person in 1882, wrote 'I never, in all my explorations of these five chains of mountains throughout western Canada, saw such a matchless scene... I felt puny in body, but glorified in spirit and soul'. Despite the increasing number of visitors to the lake, it is still so vast that you can feel quite alone there, experiencing the same feelings of awe that Tom Wilson had the first time he saw it. The brilliant blue-green waters of both Lake Louise and Moraine Lake are guaranteed to give us the quintessential Canadian feeling, surrounded as they are by pine forest and glacier-topped mountains.

## **DAY 13 - Free day to walk the trails of Banff National Park**

Today we'll be discovering more of Banff National Park, following well-marked trails to discover beautiful lakes, stunning vistas and scented pine forests. Trails vary between 30 minutes to several hours, and our local guide can recommend some of the best. We highly recommend taking an optional excursion

by aerial tram to the top of Sulphur Mountain - if the weather is clear, the views across the Rockies are breathtaking. You may also want to spend time in the town of Banff itself. A bustling and lively place, it is easy to get infused with the energy that surrounds you. Banff is also famous for its hot springs. In fact, it was the discovery of the hot springs in 1883 that led to the building of the settlement here. Relaxing in these geothermal waters is a wonderful way to while away a few hours one afternoon. There are also numerous optional excursions, from canoeing on the Bow River to taking a scenic helicopter flight over various of the surrounding mountains, which can all be organised locally.

## **DAY 14 - Explore Kananaskis Country; drive to Calgary**

We'll take the time to explore Kananaskis Country this morning, taking in the sumptuous grandeur of its mountains and valleys, perhaps taking a final opportunity to look out for some of the abundant wildlife that resides among these breathtaking landscapes. We then head for our journey's end in the city of Calgary, nestling in the foothills of the towering Rocky Mountains. This dynamic city is a rich fusion of modern architecture and traditional heritage, where the pioneering history of the Canadian west is woven into everyday life. This afternoon we have some free time to explore the city and soak up the friendly ambience. Filled with museums, shops and cafes, the centre of the city is a great place to just wander and take in its majestic setting against the backdrop of the ever present mountains.

## **Tipping**

### **Explore leader**

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between CAD\$7 to CAD\$14 per person per day as a guideline.

### **Local crew**

In North America tipping 15%-20% is a recognised part of life across the service industry, including

restaurants, activity suppliers, taxis and guides. Local staff will look to you for personal recognition of particular services provided.

Unlike other Explore trips, during our trips in North America our Explore leaders will not operate a tips kitty. However, they will be more than happy to provide guidance throughout the trip on who to tip when and to suggest appropriate amounts.

## Canada

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. ## Transport, Accommodation & Meals

### Transport Information

Ferry, Maxiwagon

### Accommodation notes

Accommodation throughout is in a range of town/city hostels, wilderness hostels and camping.

The hostel rooms are all multi-share, and you will be split into men/women, sleeping in dorms that may have other travellers in (of the same sex). The hostels are simple, but quirky and sociable places - facilities vary but may include living room areas for socialising, kitchens (where meals will be cooked for the group), pool tables, laundry facilities, log fires etc. The wilderness hostels in Kananaskis and Mount Edith

Cavell are in absolutely stunning surroundings, simply perfect for exploring the mountains. Mount Edith Cavell's accommodation does not have running water or electricity. This means that there are no showers or flush toilets.

While camping, we stay in national park campgrounds where all camping equipment is provided except a sleeping bag. You will be sharing a two person tent. Basic camp responsibilities include the setting up and taking down of camp, as well as loading the trailer and helping with meal preparation, washing and clearing up. Like many adventures of this type, much of the team spirit and camaraderie is developed through mucking in and helping out around camp. One great feature of camping is that it really gives us a sense of the nature around us, as we camp under starry skies.

Camping facilities include: toilets, showers, kitchen shelters where we have our meals, picnic tables and fire pits. Inflatable mats are provided when we camp, as well as camping chairs. The single supplement is for tents only - no single rooms are available in the hostels.
