Moderate pace tours are ideal if you want a holiday which combines exciting activities and experiences with plenty of time to relax and unwind. Typically you'll be active and busy for part of the day but then also have time to rest and recharge your batteries.

GROUP SIZE:**10 - 16**

Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join trip and scale Table Mountain

This afternoon we plan to ascend Table Mountain. You can choose to take an energetic but highly rewarding 3 to 4 hour hiking trail up to the top accompanied by your tour leader (if the weather permits). Alternatively, an aerial cableway runs frequently to and from the summit although it does close for 2 weeks for maintenance each year roughly from the end of July (the ticket cost is included). The climb is spectacular not just for the stunning views it affords of the city below and the beach-fringed coastlines stretching away to the horizon, but also for the beautiful plant life of the Cape Floral Kingdom, which has more indigenous plant species per square metre than anywhere else on earth! A network of trails criss-crosses the summit plateau, providing a variety of vantage points.

Note, weather conditions in Cape Town can be highly variable throughout the year. Should weather conditions prevail that are unsuitable for the ascent of Table Mountain, this excursion will be undertaken on an alternative day, likewise anyone arriving late on day 1 will also be able to ascend Table Mountain on one of the other days in Cape Town. Also, Table Mountain Cableway usually closes for general maintenance at the end of July, based on 2017 dates, the provisional closure is scheduled for Monday 23rd July 2018 to Sunday 5th August 2018. Although the cable car will not be running, Table Mountain is still be accessible by a hiking trail as described above.

DAY 2 - Catch the ferry to Robben Island

Today we travel from the nearby Nelson Mandela Gateway at the Waterfront in Cape Town and take a tour to the world famous Robben Island museum in the afternoon which includes a boat trip across Table Bay, a visit to the infamous maximum security

prison, time to meet an ex-political prisoner and a guide providing commentary. Please note, the ferry tickets and museum entrance tickets (both booked by Explore) need to be purchased around 4-6 weeks before departure and we cannot guarantee that they will be available for any late bookings. We arrive back at the hotel around 2pm with the rest of the day free to explore the city.

DAY 3 - Cape Town, Boulders Beach, Hout Bay and Cape Point. Visit a skateboard park.

We will make our way to Boulders Beach to see the resident colony of African Penguins, one of the only places in the world where this sea bird resides. A series of wooden walkways allow visitors to get exceptionally close to the birds and observe their often quite playful habits. We then drive to Cape Point and take a walk up to a viewpoint to watch the turbulent clash of the warm Agulhas current from the Indian Ocean meeting the cold Benguela current from the Atlantic. Afterwards we walk along a short trail that leads down to Cape Point. Moving onto Hout Bay, we take a boat trip to see the remarkable bird and marine life of Seal Island - where approximately 7,000 Cape Fur Seals have made their home on low lying rocks. The rest of the day is free to explore the city once we return to Cape town. This afternoon is spent at a skateboard park run as an initiative by the Salesian Institute of Don Bosco. We have the opportunity of meeting kids from the Cape area from a variety of backgrounds and share experiences with each other as we learn how to skateboard.

DAY 4 - District Six Museum and whale watching Breede River

We take a drive to District Six Museum. Although the Museum was initially started as a community space for ex-residents to gather and meet, it has now become a space that tells the story of District Six under apartheid to both local and foreign visitors to Cape Town and South Africa. The museum has been designed in such a way that a visitor can wander in off the street and take a self-guided tour, but more importantly, our group will also make use of the privilege of taking a tour with an ex-resident of the district and listen to the amazing personal experiences and recollections of an ex-resident. Leaving Cape Town behind, we make our way to the small seaside resort of Hermanus a few hours east. Hermanus is regarded as one of the premier spots for shore-based whale watching in the world. From the cliff top walks you can often look down at several whales no more than 50 or 100 metres away! (The whale watching season is between June and November). We depart Hermanus for the short drive to Swellendam and our camp situated on a hill top overlooking the Breede River. We plan to arrive at 'Up The Creek' camp around 5pm.

Accommodation: Up the Creek Camp (or similar)

DAY 5 - Rafting along the Breede River

We spend the day in rafts as we travel along this stunning river. From its source up in the mountains above Ceres, the Breede River meanders for 300 km's before it deposits its water into the mighty Indian Ocean. During its long journey to the coast, it provides life-giving water to one of South Africa's most beautiful regions. This river also boasts amazing bird life and ample fishing. The winding channels and playful rapids make it the ideal river-rafting destination for families. This ultimate river adventure offers exciting grade 2 and 3 rapids. No experience is necessary and briefings will be given by the guides.

DAY 6 - Oudtshoorn and Cango Caves

Today we drive the short distance and check into our accommodation situated near Oudtshoorn, the ostrich capital of South Africa!. The arid landscape that borders the Little Karoo is a desolate and yet magnificent area of semi desert. After checking into our accommodation we set out to explore the finest dripstone caverns in the world - the Cango Caves. Situated in the foothills of the Swartberg Mountains, these limestone caves extend more than 5 kms underground through a series of large caverns connected by passages. We hike into the most spectacular caverns - a truly surreal experience. We then have a tour of the Safari Ostrich Farm, north of Oudtshoorn as well as The Zeekoegat Primary School Project Room which showcases the process of building a new school. Each individual will get the opportunity to sponsor a 'brick' towards the building of the new Zeekoegat Primary School. Depending on timings and weather, we may have to visit the caves, school and Ostrich Farm on the next day (Saturday).

DAY 7 - Sea kayaking along the coast and Plettenberg Bay

We make our way eastwards along the Garden Route to Knysna and Plettenberg Bay. We try our hand at sea kayaking along the coastline from Central Beach Explore the magic of our unique coastline with its abundant marine life up close and personal in one of our stable kayaks in the company of an experienced guide. Glide across sparkling water while enjoying a view of the majestic Tsitsikamma mountains, Robberg Nature Reserve and marine life. After a thorough briefing on kayaking techniques and safety we paddle from Central Beach with possible sightings of Cape Fur Seals, Bottlenose and Humpback Dolphins and a variety of sea birds. No experience is necessary although you will need to be able to swim (sun hat and sunscreen and a change of clothes for afterwards

is advisable. In the afternoon, we make our way to Plettenberg Bay with its range of beaches, the most famous of which is Central Beach, which offers long stretches of white sand and warm waters which are perfect for swimming. The water is calmest on Central Beach making it ideal for families

DAY 8 - Free time around Plettenberg Bay and beach

Plettenberg Bay and its surroundings boast some of the most exquisite beaches and stunning scenery of the Garden Route and an unparalleled range of activities. Our first day is left free to choose from boat based dolphin and whale watching, to snorkelling, scuba diving, sailing, kayaking, surfing, mountain biking and canoeing (some of these activities do have age restrictions). In season (June to November, sometime into December too) the whale watching is especially recommended, as this shoreline offers the chance to watch a truly great mammal, the southern right whale. The dunes and escarpments offer panoramic views of the coast and you have a good chance of seeing seals, dolphins and whales, plus a wealth of bird and botanical life.

DAY 9 - Treehouse accommodation in the tree canopy

We then make our way south, to perhaps our most unique setting.....treehouses! The tree houses offer a unique opportunity to sleep, eat and shower up in the canopy of the forest, all surrounded by birdsong and butterflies. Built on hand crafted platforms and situated in carefully chosen beauty spots, the accommodation boasts comfortable tented bedrooms, fully equipped kitchens and leafy bathrooms. DAY 10 - Morning walk and snorkelling in Tsitsikamma Marine Park

The waterpark has a series of water slides ranging from very gentle to downright scary which children and young-at-heart adults will enjoy! The waterslides include the Supertube, which twists and turns before finally spitting you out into a pool of gushing water, a Kamikaze slide which is not for the faint hearted, a Free Fall slide with a drop down a 12m free fall slide and a Raging Rapid Tube ride where you will rush down raging rapids and fly around corners. There's also a small play park for younger children.

Should the Waterpark not be open in July and August due to cold weather, we will make our way to Plett Puzzle Park-unique attraction offering interactive fun for the whole family. The two main activities are the first life size 3D maze in South Africa as well as an exciting and unique forest puzzle walk. These activities are designed for all ages. The activities are absolutely unique and are suitable for children and adults alike.

Around Midday, we take a short drive to Tsitsikamma 'the place of much water', probably South Africa's most impressive marine and forest park, stretching for some 80 kms from the lagoon at Nature's Valley to the mouth of the Groot River. The lush forest and sheer cliffs provide an ideal setting for short walking trails, the most popular of which takes you to the suspension bridge spanning the mouth of Storm's River: a quite spectacular sight, where the booming breakers of the Indian Ocean relentlessly pound rocky shores. The heartland of the park stretches some 5km to sea, protecting a wonderland of inter-tidal life, reef and deep-sea fish and where we can snorkel to discover the marine life. Dolphins frolic in the breakers, surfing and playing for the sheer joy of life, and the gentle giant of the ocean, the southern right whale visits here, coming inshore to breed.

South Africa

Climate

Mild throughout the year and can thus be visited year round. The Western Cape has a Mediterranean-type climate, with warm, dry summers and cold winters with rainfall. Summer runs from November to March, with temperatures averaging 22oC to 34oC. The months of April and October are generally warm and sunny. Winter is also a good time to visit as towns and sites are not so crowded and the countryside is more verdant, but it can be cold. Additional information and climate charts can be accessed at <http://www.explore.co.uk/weather>. Seasonal weather patterns can be unpredictable. At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

In this region, tipping is a recognised part of life across the service industry. Local staff will look to members of the group for personal recognition of particular services provided.

To assist with this your Explore Leader may organise a group tips kitty for included activities and meals, they will then account for kitty use throughout the tour.

For this we suggest £20 per family member.

Accommodation notes

Booking a Single Room

All of our group tours are planned and operated on a twin-share basis, meaning that the standard cost is based either on individual travellers sharing accommodation with another group member of the same sex, or people who book together sharing accommodation. Please refer to the tour notes where the single room option availability is detailed on a night by night basis for this tour, and the price for the available nights is detailed on the dates & prices tab by departure date. For Self-Guided trips the Single Room supplement offers the option of a single room each and is charged per person. The Single Room supplement also applies to the third person in a party of three that will be accommodated in a single room.

The accommodation 30 minutes outside of Swellendam (Round the Bend) is rustic, but for many a real highlight of the trip. The A frame cabins themselves are basic, however its more than made up by the setting, right on the Breede River. There is plenty of outdoor space with a family play area, dining room and bar. The games room has a pool and table tennis table with plenty of room to play sports with the staff and other families, ideal for older children. Cabins have private open air shower rooms attached and have mosquito nets. The food is simple but homemade, wholesome and delicious, served in a buffet style format. A perfect spot to enjoy getting away from everything, really friendly staff and big fire pit to sit around after dinner to enjoy a drink and socialize.

Our next stop is Oudtshoorn. Our locally owned and operated guesthouse offers en-suite accommodation with a TV and coffee and tea making facility. Wifi is available. The owners take great pride in their garden, there is a small treehouse with a seating area, a decent sized swimming pool, ideal for relaxing in after a busy day of activities and the accommodation offers a welcome and homely feel.

The resort complex in Plettenberg Bay, where we have two nights has two swimming pools and an excellent restaurant. Rooms are well decorated with a TV, en-suite tea and coffee making facility and safe. The setting is truly fantastic, it's a short walk through the sand dunes to the beach on Plettenberg Bay with endless white sand to enjoy.

One of the highlights of the trip is the Teniqua Treetops in Sedgfield with individual treehouses scattered around the complex which are built into the trees and consequently offers wonderful views of the surrounding area that can be taken from the balcony. Each treehouse varies in design but generally they will have a living room, kitchen and a sleeping area. The main area of the complex has a large living area with lots of games, restaurant and a pool and table tennis table. There is also a hot tub and swimming pool.

We move onto the Tsitsikama Coastal National Park where we sleep in cabins (not ensuite - communal shower blocks are available).

The cabins are all together with a separate restaurant close by and there are amazing walks that can be taken in the area.

Our final accommodation is in Addo National Park where we sleep in family cabins. Meals maybe served during the game drives and served by the ranger.

Family swimming

We have pools at the hotels in Plettenberg Bay, Calitzdorp and Cape Town as well as at several points along the coast on this tour
