Itinerary

DAY 1 - Join tour Cape Town

Cape Town embodies the feeling of energy and hope that South Africans feel for the future of their country. It's a city of spectacular natural assets, with a high-tech city centre and a mixed population living peacefully together, whilst retaining their own customs.

The rest of today has been left free and you may choose to use the transport provided to head down the Victoria and Alfred Waterfront. Here, you are likely to see Cape fur seals playfully frolicking in the harbour waters, against the dramatic backdrop of Table Mountain.

DAY 2 - Tour Cape Peninsula National Park

Today is spent enjoying a tour of the many points of interest on the Cape Peninsula.

Our drive takes us via the glorious white-sand beaches of Fish Hoek and the important Naval base of Simon's Town. At Boulders Beach, we stop to see the resident African penguin colony, one of the only places in the world where this sea bird resides.

Moving on to a major highlight, our next visit is to the Cape of Good Hope, first seen by a European in 1488 when Diaz sailed round it on his search for a sea route to the East Indies. A century later, Sir Francis Drake described it as 'the fairest cape we saw in the whole circumference of the earth'. Astonishingly, it was another century before the Dutch East Indies Trading Company

established a permanent settlement here, when it was used to supply ships with cattle and water traded from the indigenous Khoi population. We climb up to a viewpoint and watch the reputed turbulent clash of the warm Agulhas current from the Indian Ocean meeting the cold Benguela current from the Atlantic. If you're feeling active, a short trail leads down to Cape Point.

Our return to Cape Town takes us via Hout Bay, an attractive fishing port once flanked by dense forest which gave it its name, translated as 'Wood Bay'. Here, you have the option of taking a short boat trip out to Seal Island - home to 1000 Cape fur seals and guarded by the impressive towering mountain of 'Sentinel'. Alternatively, you may chose to explore more on dry land. Hout Bay has an active tuna, snoek and crayfish industry and prides itself on offering some of the best fish and chips in the world.

DAY 3 - Ascend Table Mountain; drive Stellenbosch

This morning we plan to ascend Table Mountain. Weather permitting, you may choose to take the three to four-hour hiking trail up to the top, accompanied by your Tour Leader. Alternatively, an aerial cableway runs frequently to and from the summit, although it does close for 2 weeks for maintenance each year roughly from the end of July, the ticket for this must be purchased locally. As you would expect, the views from the top of Table Mountain are simply stunning. A network of trails criss-cross the plateau and provide a variety of vantage points.

Later in the day we'll head out of Cape Town to stay for a couple of nights in Stellenbosch. This region produces some of the finest 'New World Wines', honed over several centuries by the Afrikaan wine growers. Should you wish to do so, you will have the opportunity to sample some of their latest vintages during an optional visit to a wine estate.

DAY 4 - Exploring the historic town of Stellenbosch and the winelands

To the north and east of Cape Town are the Cape Winelands, where rugged mountains rise above rolling green valleys, neatly planted with vineyards and dotted with whitewashed manor houses. Stellenbosch is one of the most beautiful and heritage-rich towns in southern Africa. A settlement was first established here in 1679 by the Governor of the Cape who recognised the benefits of the lush and fertile landscape.

Today, we have the opportunity to stroll through this historic town, taking in the distinct architecture that reflects South Africa's rich and diverse history. You can choose to explore on your own following self-guided trails, or take an optional guided tour. If you are feeling energetic, you may like to take a walk on the Helderberg Mountains just behind Stellenbosch.

DAY 5 - Scenic drive to Oudtshoorn, stopping in wine country on route

We start early this morning for our scenic journey into the Little Karoo, as there are several points of interest worth visiting en route. After a short time, we will stop for a brief visit in Franschhoek. One of the oldest towns in South Africa, it is now renowned for its top restaurants and foodie offering, with property here among the most sort-after in the country. Worcester is our next stop. Located in the heart of the verdant Breede River Valley, it is surrounded by the largest of the Western Cape's fruit and wine producing valleys. Here, we will find the Karoo National Botanical Garden - a haven for rare and endangered plants. We will also drive through the picturesque town centre, with its fine Victorian town buildings.

We continue our drive through the stark and arid landscapes of the Little Karoo, heading east through Barrydale and Ladismith. Finally, in the centre of South Africa's ostrich farming country, we reach our country lodge accommodation near Oudtshoorn, where we will spend the next two nights.

DAY 6 - In Oudtshoorn, exploring the Cango Caves

We head off early this morning to make the most of the stunning variety of landscapes in this region. We start by exploring the massive limestone caverns of the Cango Caves, where we have the option of joining one of the guided tours which run regularly throughout the day. The caves are an underground wonderland of extraordinary structures, millions of years old. The combination of dripping rainwater and limestone has led to the creation of some of nature's most breath-taking natural arrangements. A local European farmer first discovered the caves late in the 18th century. Ever since then, they have been enjoyed and explored by professionals and amateurs alike.

This afternoon, you have the option of a visit to a local Ostrich Farm, where you can see Zimbabwean Blue, Kenyan Red and South

African varieties of this bird, along with the rare and beautiful white ostriches.

DAY 7 - Drive to Knysna, walk on pensinula looking for Seals and Dolphins

After leaving Oudtshoorn, we travel along the dramatic Outeniqua pass through the Outeniqua Mountains. These mountains form a formidable barrier between the dry interior and the lush coastal strip known as the 'Garden Route'. Our next two nights are spent in Knysna, which is a popular artists' retreat and adventure activity base, twice voted South Africa's favourite town. It was originally a lucrative harbour, forestry and mining centre, established as a commercial town by the reputed illegitimate son of King George III, George Rex. Its wealth was built on its lagoon from which goods could be easily transported.

Later today, it may also be possible to take an easy walk on the magnificent Robberg Peninsula. Named after the seal colony found there by Dutch sailors, it offers stunning views of the coastline. From the peninsula, you may well see seals and dolphins. From June to late November, you may also catch sight of southern right whales that come into the calmer and warmer waters to calve and nurse their young.

DAY 8 - Visit Tsitsikamma National Park, optional walks and short treks

No visit to the Garden Route would be complete without a visit to the magnificent Tsitsikamma National Park. This marine and forest park stretches for 80 kilometres, from a lagoon at Nature's Valley to the mouth of the Groot River. Whilst in the park, you have the option to join a canopy tour, during which you can 'fly' through the forest on a zipwire. The lush forest and sheer cliffs also provide an ideal setting for trekking and we are likely to go on a short walk to the suspension bridge that spans the mouth of Storm's River. Here, the rugged coastline with its crashing waves and the forest-covered cliffs are simply spellbinding. Whist in this area, we also recommend sampling the excellent local seafood.

DAY 9 - Game drive in Boteilierskop Reserve; drive along the Garden Route

This morning, we have an early start to drive to Botelierskop Private Game Reserve for our three-hour game drive. Here, a local guide will accompany us as we explore the 3000 hectare reserve in an open four-wheel drive safari vehicle. There are around 1800 animals in the reserve, across 26 species, including rhino, buffalo, giraffe, zebra, eland, bontebok and black impala. The reserve also attracts over 200 species of bird. During our visit, we are also likely to meet orphaned elephants and lions. This afternoon we will continue to follow the garden route into the important farming region of Swellendam. Here we will find our base for the night in rustic accommodation set in a peaceful location on the bend of Breede River.

DAY 10 - Along the 'Whale Route' to Cape Town

On our penultimate day of the tour, we follow the acclaimed 'Whale Route' along the dramatic south coast to Cape Town. Our first stop is wild and dramatic Cape Agulhas, the southernmost point in Africa. It is also the point where the Atlantic Ocean meets the Indian Ocean. We then drive on to the small seaside resort of Hermanus, regarded as one of the premier spots for whale-watching in Africa, if not the world. Every year, between June and December, southern right whales mate and calve in this area. Hermanus is one of the best places to see them as they come very close inshore and the cliff top coastal walk offers many convenient viewing points. A 'whale crier' keeps everybody informed of the whereabouts of the whales by blowing his kelp horn and is as much a part of the whale watching experience as the whales are.

Finally, we return to Cape Town via Betty's Bay and Gordon's Bay, affording spectacular views across both Walker Bay and False Bay.

On your final evening of the tour, you may choose to go to a traditional African drumming performance, or simply enjoy one of the many excellent restaurants in the city.

Please note: Final timings of today's itinerary are flexible and depend on seasonality and the likelihood of spotting whales. Out of whale season, we may arrive in Cape Town earlier in the day, allowing us free time to spend as we wish.

DAY 11 - Tour ends Cape Town

The tour ends today after breakfast. Depending on the schedule of your flights, you may have enough time to visit the Kirstenbosch National Botanical Gardens. The gardens lie on the eastern slopes of Table Mountain and consist of landscaped gardens of indigenous plants and trees. They are a living display of floral beauty and feature 4700 of the estimated 20000 species of indigenous South African flora, and close to 50 per cent of the Peninsula's floral wealth!

Alternatively and depending on the schedule of your flights, you may opt to take a boat trip to visit Robben Island, if you haven't already had the chance to visit it on Day 1. It is here that Nelson Mandela served most of his prison sentence under the South African government and is now a worthy and powerful symbol of the optimism and hope for the future of South Africa.

If this all sounds far too strenuous, you could just soak up the vibrant and colourful atmosphere at the Victoria and Alfred Waterfront and just wander or do some last minute shopping!

Booking a Single Room

All of our group tours are planned and operated on a twin-share basis, meaning that the standard cost is based either on individual travellers sharing accommodation with another group member of the same sex, or people who book together sharing accommodation. Please refer to the tour notes where the single room option availability is detailed on a night by night basis for this tour, and the price for the available nights is detailed on the dates & prices tab by departure date. For Self-Guided trips the Single Room supplement offers the option of a single room each and is charged per person. The Single Room supplement also applies to the third person in a party of three that will be accommodated in a single room.

South Africa has a good tourism infrastructure and generally good service standards. Outside of our mid-range, hotel in Cape Town, much of our accommodation is in small, family run guesthouses, farms and inns. These are more than just B&Bs; individually styled and tastefully furnished, with en suite rooms and often lovely gardens and a pool. The properties we use give a real taste of traditional South African hospitality and we love supporting these small local businesses. In Stellenbosch we stay in the guesthouse of a working wine farm which gives us a great feel for the country whilst staying in comfortable accommodation. We can also enjoy some great home cooking and views from the pool. Also of note is our thatched country lodge at Oudtshoorn. In Swellendam, we stay away from the town in a quiet and picturesque setting by the bend of a river. The accommodation is simple, rustic, featuring en-suite facilities and well suited to the natural and peaceful environment.
