## Why book this trip?

---

This voyage combines Spitsbergen and Greenland, with a taste of Iceland. Enjoy Spitsbergen's rugged east coast, crossing a major polar bear migration route as we search out bears on the moss-laden tundra. While crossing the icy waters of the Greenland Sea, our onboard experts will share their knowledge of the region's plants, animals and history, preparing you for your landings. Greenland's remote east coast shows off the immensity of the icecap, fantastic icebergs and a fairytale landscape of granite spires rising 1000 m above exquisite fjords. Enjoy the local culture and look forward to a warm welcome as we visit remote Inuit settlements along the way.

## Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

### DAY 1 - Arrive Longyearbyen

Arrive in Longyearbyen, where you will be met on arrival and taken on a sightseeing tour to explore the remote outskirts and 'Capital' of Spitsbergen, including a stop at the local museum. After the tour, you will be transferred to the port in the late afternoon to embark the MV Greg Mortimer. You'll have time to settle into your cabin before the pre-departure briefing. We'll set sail in the early evening, cruising out of the beautiful Isfjorden, escorted by gliding fulmars and perhaps the occasional puffin. Find a spot on one of the observation areas watching for seabirds, including graceful ivory gulls, kittiwakes and guillemots.

**ACCOMMODATION:**  
M/V Greg Mortimer (or similar)

**Grade: Premium Boat**

**MEALS PROVIDED: DINNER**

### DAY 2 - Explore Spitsbergen

Over the next three days, the Svalbard Archipelago is ours to explore. Our experienced expedition team, who have made countless journeys to this area, will use their expertise to design our voyage from day to

day. This allows us to make best use of the prevailing weather, ice conditions and wildlife opportunities. Because we are so far north we will experience nearly 24 hours of daylight and the days can be as busy as you wish. We will generally make landings or Zodiac excursions a few times a day; cruising along spectacular ice cliffs, following whales that are feeding near the surface, making landings for hikes.

### **DAY 3 - Explore Spitsbergen**

Kongsfjorden and the surrounding country are known to be one of the most beautiful fjord areas in Svalbard. The fjord is headed by two giant glaciers, Kronebreen and Kongsvegen. Hike on the lush tundra amongst the summer flowers and observe the remarkable bird cliffs near the 14th July Glacier, where even a few puffins nest between the cracks in the cliffs. The islands and islets in the inner part of Kongsfjorden teem with birds. At the head of the fjord, mighty glaciers calve into the sea. All of this is framed by characteristic mountain formations.

Also located in this area, is the former mining settlement of Ny-Alesund. Situated at 78° 55' N, Ny-Alesund is one of the world's northern-most year-round communities and settlements. It is strongly linked to coal mining operations, scientific expeditions and more recently, to various international and environmental research efforts. It is situated more than 100 km north of Longyearbyen and is an important cultural heritage site of Svalbard. The cultural history is represented by the town itself, including 30 listed buildings, industrial monuments related to coal mining operations, Roald Amundsen's airship mooring mast and hangar foundation, and some remains of research activities.

Ny-Alesund has also been the starting point of several historical attempts to reach the North Pole. Names like Amundsen, Ellsworth and Nobile are strongly linked to the town.

## DAY 4 - Explore Spitsbergen

We cruise northwards, along the west coast of Spitsbergen, visiting intriguing places like Magdalenefjorden, located inside the Northwest Spitsbergen National Park. According to historical sources, Magdalenefjorden was first used by the English in the early days of the whaling era. They erected a land station on the headland and named the area Trinity Harbour. The station was closed in 1623. The spectacular alpine scenery is lined with jagged mountain peaks, to which Spitsbergen (pointed mountains) owes its name. The topography of the area is mostly rocky, shorelines are covered with stones and walking here can be challenging. Vegetation in the area is limited to mosses and lichens which grow near to the bird colonies. Little auks breed here in large numbers in the scree slopes everywhere around Magdalenefjorden. Amazingly, reindeer occasionally roam around on mossy slopes and polar bears as well as walrus are regularly seen here.

## DAY 5 - Cross the Greenland Sea

As we cruise west across the Greenland Sea - the main outlet of the Arctic Ocean - we may encounter whales feeding in the productive waters of the north. Sightings of fin whales are common and blue whales have been seen in more recent years. As we begin to approach Greenland, we will likely encounter the East Greenland pack ice and if we are lucky, we will see polar bears hunting for prey. The strong icy currents have isolated East Greenland from the Polar Basin, attracting large numbers of fish, seals and whales. Climatic conditions and the concentration of ice in the vicinity, often create thick morning fog that vanishes with the onset of the midday sun. Our experts will inform and entertain us with fascinating discussions on plants, animals, ice, and early explorers like Nansen, Andree and Scoresby.

## DAY 6 - Cross the Greenland Sea

Conditions permitting, there may be a chance to cruise in the sea ice with Zodiacs. Perhaps if we have had a good crossing, we may even have the opportunity to make our first landing on the Greenland coast, weather permitting. This stretch of coastline is ripe for exploration, with its many secrets locked in place by drift ice, for up to eight months each year. Home to polar bear, snowy owl and musk ox, it's the world's largest national park, covering 972,000 square kilometres; most of which is inland ice and the rest, a composite fjord landscape.

## DAY 7 - East Coast of Greenland and Kaiser Franz Joseph Fjord system

We will attempt to enter Kaiser Franz Josef Fjord, a remote and rarely visited fjord system with countless opportunities for exploration within the Northeast Greenland National Park. Cruising through Kong Oskar Fjord, we will marvel at the geological beauty of the mountains, and land in a few places to explore the landscape and wildlife of Greenland. We will then head south along the coast of Liverpool Land, with our passage dependent on ice conditions. We aim to reach Scoresbysund, the world's largest fjord and a favourite hunting ground of the local Inuit.

## DAY 8 - East Coast of Greenland and Kaiser Franz Joseph Fjord system

Massive glaciers dump into this fjord, the birthplace of the famous big Greenland icebergs. We hope to visit the remote and colourful Inuit community of Ittoqqortoormiit (Scoresby Town) and to hike across the tundra in search of ancient graveyards and summer villages occupied 3,000 years ago by Paleo-Eskimos. This area provides excellent opportunities for sea kayaking in its maze of calm, interconnecting

waterways. We will keep a sharp eye out for musk oxen, Arctic hare and seals, and maybe if we are very lucky even a polar bear or narwhal. Scoresbysund offers many opportunities for walking and zodiac-cruising, so we will spend our days exploring the land, the ice and the sea. Over the next few days, we hope to visit various settlements, hike up to impressive viewpoints and enjoy the incredible scenery that is found here, visiting places such as Cape Hombolt, the Sefstrom Glacier, Sydkap and the island of Rode O.

### **DAY 9 - East Coast of Greenland and Kaiser Franz Joseph Fjord system**

At Cape Humboldt, a beautiful point on Ymer Island, there is a good chance to take a tundra walk and witness musk oxen grazing. We will also keep a lookout for Arctic fox and ptarmigan. A lone trapper's hut looks over the bay, with a magnificent view of icebergs. We hope to visit Blomsterbugten, an important site for paleo-eskimoes and more modern trappers. Here, we may have the opportunity to walk on the tundra to a spectacular viewpoint, overlooking Lake Noa.

At Sefstrom Glacier, which adorns the narrow- peaked waterway in Alpefjord. We will Zodiac cruise around the nose of the glacier and deeper into the fjord behind it. We can return along magnificent cliffs that are festooned with small colourful gardens of Arctic flowers, growing wherever water is available.

### **DAY 10 - Scoresbysund and Volquart Boons Coast**

Ittoqqortoormiit is Scoresbysund's colourful Inuit community of approximately 500 people. You will have the opportunity to explore the village, its fascinating museum, or sit quietly in the beautiful Lutheran Church. The people are friendly, and the young children vie for our attention, from underneath their Arctic fox-fur jackets. Sydkap offers good walking and delightful views of Ofjord and into Hall

Bredning. We may explore the ancient gravesites on shore, or nearby giant icebergs, from the comfort of our Zodiacs.

### DAY 11 - Scoresbysund and Volquart Boons Coast

Rode O is one of the most remarkable collections of beautiful icebergs in the world. A combination of shallows near the island and tidal currents strand hundreds of large icebergs in a small area around Rode O, or Red Island as it is also known. The contrast between the magnificent blue of the ice and the red sandstone landscape is simply breathtaking. Other possible landing points in this area include Romer Fjord, Rypefjord, Hekla Havn, Denmark Island and Nordvestfjord.

### DAY 12 - Sail the Denmark Strait towards Iceland

In the Denmark Strait, we sail towards Iceland. Keep a lookout for whale blows and the many seabirds that trail our ship in the ever-present Arctic winds. Enjoy the time to reflect on your recent adventures, share and exchange photos, and soak in the fresh ocean air. As we near Iceland, you will find we are returning to the rest of the world, as

we encounter fishing vessels working the coastal waters.

#### **Optional activities**

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Whilst landings are included in the cost of your trip as per the outline itinerary, some departures aboard the MV Greg Mortimer have additional optional excursions which can be pre-booked with the ship operator directly. These will be charged at an additional fee, depending on the excursion and we recommend booking these in advance to ensure availability. Please speak to a member of our Polar team who will advise you on the booking process.

### **Clothing**

## Parkas

A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers.

## Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

## Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

## Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

## Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

## Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

## Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own. Also ensure you take good walking boots and trainers for relaxing.

## Luggage

20kg

### Luggage: On tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

## Equipment

Sunglasses and sun cream

Insect repellent

Personal toiletries

A refillable water bottle

Books/reading material  
Camera and memory cards  
Seasickness remedy

## Tipping

### Local crew

Tipping is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction. The suggested amount is USD \$15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline.

## Arctic

### Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

## Transfers

[Find out more about Trip Transfer Terms and Conditions before you book.](#)

### Booking a land only package with Explore

Customers who have chosen to book on the 'Land Only' arrangements of our tour, please ensure that you have checked your tour specific 'Joining Instructions' prior to booking your own travel arrangements. Your joining instructions can be found below in the dates and prices information.

You may also be eligible for the Free Explore Transfer.

### Joining Tour Abroad

Customers booked on the 'Land Only' arrangements will now receive a Free Transfer, provided you arrive and depart on the tour only itinerary start and end dates. The complimentary transfers will be arranged from the Explore designated airport or train station to your trips joining point, and then back from the ending point to the designated airport or train station. Generally the airport or station that Explore have selected will be the one that is closest to the town or city where the trip starts, or the one nearest to the joining point. It will be either an airport or train station but not both.

The exception to this rule is customers who are booked on a tour where the joining and ending point is at the designated airport or train station.

Free transfers are not available for Self-Guided, Polar, Tailormade or Tours for Churches customers.

If you are not eligible for the Free Transfer then you will need to make your own way through to the joining and ending point. On a majority of our tours Explore will be able to provide a private transfer at an additional cost. Please ask for a quote at the time of booking.

For more information regarding the Explore Free Transfer [click here](#)

## Insurance

It is a condition of booking with Explore that you have adequate valid travel insurance. It is your responsibility to arrange appropriate travel insurance and ensure you have read and understood the full terms and conditions of your travel insurance policy to ensure that you are covered for all activities you intend to undertake whilst on the tour, including all optional activities. Your Insurance Policy must fully cover you for medical expenses and emergency repatriation to your home country. Please ensure your policy includes medical emergency helicopter evacuation in the event of illness or injury and covers the entire duration of your holiday. If you are trekking at altitude please ensure that there is no upper altitude limit which may limit or exclude cover for your trip. The cost of many of our Polar Voyages will exceed the capped amount covered by standard insurance premiums and you will be required to pay an additional premium to cover the full value of your trip. Please ensure that you are covered for the full amount of your holiday cost, as insufficient cover could invalidate a claim under the policy. Medical and repatriation insurance cover is not mandatory for UK residents who are travelling on trips within the United Kingdom.

Read more information about what travel insurance is required.

## Flight information

Explore offers a wide range of flexible flying options to make joining and leaving our trips easy. Read more about them [here](#).

### Flight Information

You are able to book this tour on a 'land only' basis or as a 'flight inclusive' package. Your flight inclusive package will be fully protected by the Civil Aviation Authority (CAA) ATOL protection scheme.

### Booking a flight inclusive package with Explore

We have a good selection of flights not only from London but from many regional airports around the UK allowing us to compare fares between scheduled carriers as well as low cost and charter airlines. Our dedicated flights team will match the best flight options to your arrival and departure airport. On our website we display a UK flight inclusive package guide price which is generally based on a London departure. To avoid paying supplements or to secure your preferred flight option, we recommend booking as early as possible, especially for peak travel dates.
