Vaccinations

Nothing compulsory, but we recommend protection against malaria, tetanus, typhoid, hepatitis A plus Polio and diptheria. Consult your travel clinic for latest advice on different prophylaxis available against malaria. We strongly recommend the wearing long sleeved shirts and the liberal application of insect repellents containing DEET as a precautionary measure to avoid being bitten by mosquitoes. These precautions should be taken at all times as the mosquitoes are also active during daylight hours. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at <http://www.explore.co.uk/Travelhealth/> and from your local healthcare provider. Visa and vaccination requirements are subject to change and should be confirmed before departure.
