

## The Mahouts Elephant Extension

THAILAND - TRIP CODE THE  
DISCOVERY

### Why book this trip?

Spend three days deep in the forests of northern Thailand, learning about the behaviour of former captive elephants which have been returned to their forest home. Forage for food, fish from rivers and learn other bush skills, all in the company of the expert mahouts. Camp out overnight in the forest and spend two nights in a village homestay with a friendly host family from the Karen hilltribe.

- **This extension provides the opportunity for a unique experience in Asia** - to spend time witnessing elephants roam in their natural habitat. This has been set up by one of Explore's close partners, Mahouts Elephant Foundation, a UK charity working to improve the lives of Asian elephants.

Please ensure your policy includes medical emergency helicopter evacuation in the event of illness or injury and covers the entire duration of your holiday. If you are trekking at altitude please ensure that there is no upper altitude limit which may limit or exclude cover for your trip. The cost of many of our Polar Voyages will exceed the capped amount covered by standard insurance premiums and you will be required to pay an additional premium to cover the full value of your trip.
