## DAY 2 - Guided tour of Victoria Falls

This morning you will be picked up by a local guide and taken on a tour of Victoria Falls. The thundering cascades of Victoria Falls is one of the planet's most spectacular natural wonders. Known by the indigenous people as Mosi-oa-Tunya, this local name translates to 'the smoke that thunders' and it will be easy to see why on arrival. The falls of the Zambezi River plummet over a sheer cliff wall that spans more than 1676m, dropping some 100m into the abyss below. During the tour your guide will talk through the importance of the falls to the local community and the history of David Livingstone 'discovering' the area.

This afternoon is free to explore the local markets and a great chance to try the Zimbabwean staple, sadza, a maize based dish often accompanied by a meat, vegetable or peanut stew. You may also wish to visit the office of Wild Horizons in town or their desk in the hotel to book an adventure activity in advance of your free day tomorrow. A full list of activities available is in the optional activities section of your trip notes.

## DAY 3 - Free day to explore town or join an adventure activity

Victoria Falls offers a vast array of choice when it comes to choosing an activity to enjoy during this free day. For the more adventurous explorers, white water rafting on the Zambezi River is an adrenaline rush like no other! More cultural, local experiences are also available and Wild Horizons will be able to offer advice on all listed excursions.

Please note, we ask our customers to avoid both elephant back riding experiences and walking with lions. Although often advertised as responsible or good for conservation, there is significant evidence that both of the aforementioned activities contribute to canned hunting, have no conservation benefit and are bad for the animal's welfare.
