Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join Trip in Victoria Falls

Join your extension trip in Victoria Falls, Zimbabwe. The town, whilst specifically built due to its proximity to the falls has a certain charm and is full of restaurants, bars and shops and is known as the adventure capital of Southern Africa.

There are no included activities planned today, so you are free to arrive in Victoria Falls at any time. On arrival into Victoria Falls Airport (VFA), a local representative will meet you and take you to your hotel on a shared transfer. You'll be provided with a pack specifying timings of your Victoria Falls tour for tomorrow and other useful information.

Depending on your arrival time, you may choose to explore the town, which is easy to navigate on foot, or just have a quiet evening at the hotel to enjoy the peaceful surroundings.

Please note, this Victoria Falls extension is unescorted and is not accompanied by an Explore Leader.

DAY 2 - Guided tour of Victoria Falls

This morning you will be picked up by a local guide and taken on a tour of Victoria Falls. The thundering cascades of Victoria Falls is one of the planet's most spectacular natural wonders. Known by the indigenous people as Mosi-oa-Tunya, this local name translates to 'the smoke that thunders' and it will be easy to see why on arrival. The falls of the Zambezi River plummet over a sheer cliff wall that spans more than 1676m, dropping some 100m into the abyss below. During the tour your guide will talk through the importance of the falls to the local community and the history of David Livingstone 'discovering' the area.

This afternoon is free to explore the local markets and a great chance to try the Zimbabwean staple, sadza, a maize based dish often accompanied by a meat, vegetable or peanut stew. You may also wish to visit the office of Wild Horizons in town or their desk in the hotel to book an adventure activity in advance of your free day tomorrow. A full list of activities available is in the optional activities section of your trip notes.

DAY 3 - Free day to explore town or join an adventure activity

Victoria Falls offers a vast array of choice when it comes to choosing an activity to enjoy during this free

day. For the more adventurous explorers, white water rafting on the Zambezi River is an adrenaline rush like no other! More cultural, local experiences are also available and Wild Horizons will be able to offer advice on all listed excursions.

Please note, we ask our customers to avoid both elephant back riding experiences and walking with lions. Although often advertised as responsible or good for conservation, there is significant evidence that both of the aforementioned activities contribute to canned hunting, have no conservation benefit and are bad for the animal's welfare.

Why book this trip

The falls are impressive all year round however views drastically change depending on the time of year. The dry season is October - early December and that is when the volume of water is at its lowest, this means that visibility of the falls is clear (as there is no spray), though some might be disappointed by the lack of falling water. The water levels are at their highest from February - April, whilst this means an incredible amount of water is passing over the falls, it does mean that there is a huge amount of spray, making visibility more difficult (unless you take a flight over the falls). The rest of the year visibility is good which offer fantastic views.
