Why book this trip?

The volcanic Gran Canaria offers far more than the beaches it is best known for. Staying in Aguimes and remote Aldea, discover dramatic landscapes, steep gorges, high peaks and semi-tropical valleys, exploring the Isla on foot.

- Roque Nublo - A distinctive rock formation and Gran Canaria’s most famous landmark
- Canarian cuisine and sangria - Dine alfresco in picturesque villages
- Historic trails - Follow the network of ‘caminos reales’ to explore the mountainous interior
Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

**DAY 1 - Join trip in Aguimes**

Our trip starts in Aguimes a small, traditional town in the east of Gran Canaria.

For those arriving on time our Leader plans to meet you in the hotel reception at 7pm for the welcome meeting and for those that wish, there is the chance to go out for dinner. There are no activities planned today, so you are free to arrive in Aguimes at any time. If you would like to receive a complimentary airport transfer today, you'll need to arrive at Gran Canaria Airport (LPA) which is around 20 minutes’ drive. Should you miss the meeting, your leader will inform you of any essential information as soon as you catch up.

If your flight arrives earlier in the day, perhaps you might choose to explore the historic narrow streets with pretty painted houses of the 'old town', or find a quiet cafe to sit in to acclimatise to the pace of life.

DAY 2 - Circular walk to the Guayadeque Canyon

Today we make a walk along the main landmark of this side of the island - the stunning Guayadeque Canyon that runs south east along the slopes of Pico de las Nieves. There are lots of endemic plants, but the volcanic landscape has a lunar feel as we get closer to the deep gorge, reminiscent of Northern American canyons. We walk along a tarmac road for 30 minutes before heading into the gorge. This area has been inhabited since the stone age and the remains of cave dwellings from these times are still visible. As we walk we will also see some traces of lava fields from an ancient eruption of a smaller volcano. After the gorge we head back to Aguimes on foot. Please note there is little shade in the countryside around Aguimes, so strong sun protection is needed.

Today's 12 kilometre walk is expected to take around four hours with 550 metres of ascent and descent.

After a picnic lunch we descend to La Culata where you can have a drink in a local café before continuing by bus to Tejeda (1076m). This small mountain village with white washed buildings is one of the prettiest hill village on Gran Canaria. There will be time for a quick walk around the town before driving onto La Aldea, our base for the next three nights.

Today's eight kilometre walk is expected to take around three hours with 460 metres of ascent and 520 metres of descent.

Hopping on the local public bus, we travel a short distance to the start of today’s walk at the Aldea Pass (700m). From here we follow an ancient pathway that in former days connected the villages of La Aldea, Tasarte and Veneguara. It is an undulating trail with one steep but short downhill section. On our left-hand side we enjoy the impressive walls of Los Azulejos, green layered rock sheets topped by the Inagua Forest. When we reach the village church of Veneguera we take a short break for lunch before continuing our walk over the last pass that leads us into the Barranco de Mogan. Here there will be time for a coffee break while waiting for the public bus that will take us back to La Aldea.

Today’s 14 kilometre walk is expected to take around four-and-a-half hours with 250 metres of ascent and 400 metres of descent.

**DAY 5 - Free day. Opportunity to relax or walk in Inagua Forest**

Today has been left free. You may wish to relax around the hotel, enjoying the village life in La Aldea, or decide to go to the nearby beach five kilometres away. Further afield you could visit the city of Galdar and see the Cueva Pintada Museum to learn about aboriginal life on these islands - On your way back stopping off for a dip in the ocean. Alternatively keen walkers may wish to take the optional demanding walk through the Inagua Forest to the Pico Castellet, a flat rock outcrop with a spectacular view (this walk is only possible if your Explore leader is able to accompany).

Canary Islands

Climate
The Canary Islands enjoy a relatively stable climate making them a good year round destination. The warmer temperatures in the winter months also make the islands a great winter walking holiday choice. The best months for walking are October to April, avoiding the heat of the summer, the evenings can still be chilly and rain is possible in January and February. The Canary Gulf Stream and trade winds provides each island with its own micro-climate, bringing different climatic conditions to each side of the islands.

Spain

Climate
Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

Clothing

Bring light and comfortable clothing that can be layered according to the temperature. It can become cool, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier, a warmer fleece is recommended as a mid layer, and walking trousers are preferable to trousers of heavier material such as jeans.

- Breathable wind and waterproof jacket (you may also wish to bring waterproof trousers)
- T-shirts
- Long sleeved tops
- Sunhat
- Long trousers
- Shorts (if you prefer to walk in them)
- Swimwear and towel
- Midlayer Fleece/pullover
- Socks (liner and thicker pair)
- Insulated jacket

Footwear

We recommend you bring walking boots with ankle support- leather or fabric are both fine. Make sure that your boots are worn-in and comfortable before the start of the trip. Also trainers or sandals for relaxing and general wear. We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

Luggage

20kg

Luggage: On tour

Bring one main piece of luggage and a 20-30 litre day sack is recommended. You will need to carry what you need for the day which may include a raincoat, jumper, camera, sun-cream, water and picnic lunch. On hot days you will carry fewer clothes but more drinking water.

Equipment

- Sunglasses
- Sun cream
- Small Torch (with spare batteries and bulb)
- Camera
- Walking poles (if you usually use them)
- Personal toiletries
- Personal first aid kit - On each walk a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin and other essentials.
- Insect repellent
- Small waterproof dry bag (for items such as your mobile phone)
- Reusable water bottle (minimum 1 litre) - Get 15% discount on a Water-to-Go bottle
Lunch bag/Tupperware (for packed lunches)
-Folding seat pad is also a good idea for picnic lunches

Tipping

Explore leader
Tipping isn’t compulsory, and we work hard to ensure that our leaders all receive a fair wage. You may however, want to recognise a leader that has done a great job or really added to your trip by giving them a tip. We’re often asked about the recommended amount. It is a tricky one, and down to personal preference, but we would recommend £15 to £20 per person per week as a guideline.

Local crew

Although voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approximately £15 of local currency for tipping. In order to make things easier for you, the Explore Leader may organise a group’s tips kitty and if this is the case, they will account for it throughout the trip.

**Accommodation notes**

This two centre trip gives you the flexibility to unpack and get to know different areas of the island. Accommodation and service levels in Spain are generally very good. On this trip we stay in two smaller, family-run hotels that might not offer the same luxuries as larger chain-style hotels, but they do provide a warm welcome and a comfortable place to stay. One thing to be aware of in Spain is that breakfast tends to be a smaller affair, often just fruit juice or coffee and a pastry.

The hotel in Aguimes has limited bedrooms and therefore depending on the number in the group, some travellers may be accommodated in their second facility which is around the corner. You will have use of the facilities at Hotel los Camellos and food will be served here.
