Trip information

Climate and country information

South Africa

Climate

Mild throughout the year and can thus be visited year round. The Western Cape has a Mediterranean-type climate, with warm, dry summers and cold winters with rainfall. Summer runs from November to March, with temperatures averaging 22oC to 34oC. The months of April and October are generally warm and sunny. Winter is also a good time to visit as towns and sites are not so crowded and the countryside is more verdant, but it can be cold. Seasonal weather patterns can be unpredictable.

Clothing

Bring light and comfortable clothing that can be layered according to the temperature. The weather conditions in the mountains can be changeable, and it can become cool, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier and warmer are recommended as a base layer, and walking trousers are preferable to trousers of heavier material such as jeans. A waterproof jacket is essential at all times in case of rain and wind. Avoid brightly coloured clothing for game viewing.

- Breathable wind and waterproof jacket (you may also wish to bring waterproof trousers)
- T-shirts
- Long sleeved tops
- Sunhat
- Long trousers
- Shorts (if you prefer to walk in them)
- Swimwear and towel
- Midlayer Fleece/pullover
- Socks (liner and thicker pair)
- Insulated jacket

Footwear

We recommend you bring walking boots with ankle support- leather or fabric are both fine. Make sure that your boots are worn-in and comfortable before the start of the trip. Also trainers or closed sandals for relaxing and general wear (open toe sandals can only be worn in some places). We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

Luggage

20kg

Luggage: On tour

Bring a tough soft bag, holdall or rucksack that can be easily loaded into our vehicles, and a large enough daypack to carry items needed on our hikes and game drives. A 20-30 litre day sack is recommended. You

will need to carry what you need for the day which may include a raincoat, jumper, camera, sun-cream, water and picnic lunch. On hot days you will carry fewer clothes but more drinking water.

Equipment

- Sunglasses
- Sun cream
- Small Torch (with spare batteries and bulb)
- Camera
- Walking poles (if you usually use them)
- Personal toiletries
- Personal first aid kit - On each walk a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin and other essentials.
- Insect repellent
- Small waterproof dry bag (for items such as your mobile phone)
- Reusable water bottle (minimum 1 litre)
- Binoculars

Please note: While tap water in South Africa's urban area is drinkable, some people may take a few days to acclimatise and thus may experience traveller's tummy. Therefore we recommend that your water bottle is a reusable filtered water bottle, get 15% discount on a Water-to-Go bottle www.explore.co.uk/about-us/responsible-travel/water-to-go-discount-with-explore

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow £25.00 per person for group tipping.

South Africa

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Accommodation notes

South Africa has a good tourism infrastructure and generally good service standards. Our accommodation throughout this tour is varied to reflect the many aspects of this beautiful country. We use a combination of hotels, guesthouses and characterful park lodges. Some of the properties are owner-occupied and give a real taste of traditional South African hospitality.

In St Lucia we stay at a local style lodge within the wetlands area. In the Hluhluwe-Imfolozi game reserve we stay at Mpila or Hilltop Camp. You be staying in two bed thatched chalet, built in a traditional style with brick structures under a thatch roof, the rooms are kept nice and cool thanks to the high ceilings so air conditioning is not necessary. Due to availability of rooms some of the group may be housed in large fixed permanent tents (en-suite) at the same site. We self cater whilst at the lodges, employing local chefs and support crew who prepares the meals with fresh produce and the group can enjoy traditional braai (Barbecue).

South Africa

Food and drink

Dietary requirements: Most restaurants and hotels in South Africa do not have a wide selection of vegan and vegetarian choices. There is usually a choice of salads and one main vegetarian and/or vegan main dish on the menus, but choice will be limited especially in more remote locations. If you have specific dietary requirements we do recommend for you to bring some food with you.
