Climate

There are great variations in the altitude and terrain of the areas visited and this is reflected in the temperatures. Desert areas can be extremely hot in the summer months (49°), though temperatures can drop dramatically at night. The mountains are cooler and wetter especially in the north of the Rockies. At the beginning and end of the season there may still be some snow around in the high passes and it can be cold, whereas in mid-summer the day time temperatures can soar.

The weather conditions in the mountains can be changeable, and it can become cool, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier and warmer are recommended as a base layer, and walking trousers are preferable to trousers of heavier material such as jeans. We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between US\$5 to US\$10 per person per day as a guideline.

Local crew

In North America tipping 15%-20% is a recognised part of life across the service industry, including restaurants, activity suppliers, taxis and guides. Local staff will look to you for personal recognition of particular services provided.

Unlike other Explore trips, during our trips in North America our Explore leaders will not operate a tips kitty. However, they will be more than happy to provide guidance throughout the trip on who to tip when and to suggest appropriate amounts. For the camping itineraries, all camping equipment is provided except a sleeping bag. This will include the setting up and taking down of your tent, the loading and unloading of the trailer, meal preparation, washing and clearing up. There are communal toilet and shower blocks, some of the campsites will have laundry facilities.

Be prepared for some early starts and some long days - there is an enormous amount to see!

Please ensure your policy includes medical emergency helicopter evacuation in the event of illness or injury and covers the entire duration of your holiday. If you are trekking at altitude please ensure that there is no upper altitude limit which may limit or exclude cover for your trip. The cost of many of our Polar Voyages will exceed the capped amount covered by standard insurance premiums and you will be required to pay an additional premium to cover the full value of your trip. Please ensure that you are covered for the full amount of your holiday cost, as insufficient cover could invalidate a claim under the policy. Additional Information

Why book this trip

To allow for extra flexibility, we offer this trip with hotel accommodation in the early spring and later autumn and during the warmer months we camp. The hotels we use are standard 3-star accommodations, situated close to the national parks for easy access to the superb hiking. The hotel-based departures give you the opportunity to see the parks as spring arrives or as the colours of autumn start to change. With cooler night time temperatures, sleeping in a hotel rather than under canvas during these times will be more comfortable. For those of you who prefer four walls and an ensuite bathroom, these dates could also be for you. The camping departures still run at quieter times of the year (i.e. outside of the school holidays) and we stay at sites with great facilities situated close to the national parks. Camping gives you the chance to dine al fresco and watch the stars.
