Full on paced trips are for travellers who like their holidays packed with activities and experiences, moving on quickly from place to place with lots of early starts and long, busy days. Some may find them tiring, but others get a buzz from packing their precious holiday-time as chock-a-block full of new experiences as possible!

Maximum group size ranges from between 6 to 20 people, depending on the type of trip, the transport and accommodation used and activities included. We rarely have groups that are smaller than five or six people and the average is 12 people plus an Explore leader.

Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join Tour in Maun

Our tour starts in Maun, the gateway to the Okavango Delta. After checking in to our hotel, your afternoon is free to relax. You may choose to take a stroll around the town, where modern buildings and native huts stand side-by-side. Originally a rural village, it has rapidly developed into Botswana's 'tourism capital'. However, the town has managed to retain much of its rural atmosphere and you may well see tribesmen bringing their cattle to sell at the market.

DAY 2 - Drive to Okavango PanHandle houseboat

An early start this morning for our drive to the west side of the Okavango Delta Panhandle, where we arrive at our houseboat which will be home for the next three nights. Our on board accommodation is exclusive to our group and is very comfortable, with en suite facilities. Due to seasonal variations in the level and strength of the river, the houseboat itself remains securely moored for much of the year, whilst we explore the river on smaller launches. However, the amount of water that falls in the catchment area can be highly variable and occasionally, conditions may allow the houseboat itself to cruise in the Delta.

The next couple of days are spent enjoying this spectacular setting. During our time on the river, there is a good possibility of seeing a variety of game. On our launch, we may cruise past submerging pods of hippos, while crocodiles bask in the shallows and on the riverbanks. While drifting along, it is not hard to imagine yourself as David Livingstone, exploring Africa all those years ago.

DAY 3 - Visit to Tsodilo Hills; home to thousands of bushman rock paintings

Today, we plan to take an excursion to the intriguing and sacred World Heritage Site of the Tsodilo Hills. The San Bushmen believe that this was the site of the first creation and painted an astonishing 4000 rock paintings to celebrate this, across 350 sites. Here, four impressive rocks jut out of the expanse of the surrounding land. The San Bushmen believe that the largest of the rocks is the 'man', the second largest the 'woman', and the smallest the 'child'. The fourth rock, which stands apart from the others, is said to be the male's first wife. After exploring this fascinating site, we will return to our houseboat for our second night on board.

Accommodation: Okavango House Boat (or similar)

Meals Provided: Breakfast, Lunch & Dinner

DAY 4 - Optional boat trips to search for the plentiful wildlife; sundowners

On our final day aboard the houseboat our itinerary is flexible. You could take one or two trips out on the launch to enjoy the wildlife and visit the surrounding area. Or you may prefer to just stay and relax on board where there are plenty of opportunities for bird watching. Local fishermen are often seen in their traditional dugout canoes, known locally as Mokoros. The golden light of the late afternoon can be enjoyed with a traditional sundowner in the houseboat's bar. As a day at leisure you can choose how much or how little you do today.

DAY 5 - Drive through Namibia's Caprivi Strip to Livingstone

An early start this morning sees us heading north to Namibia's Caprivi Strip, before heading to Livingstone in Zambia. Today's drive by four-wheel drive vehicle will take most of the day, but is broken up with plenty of stops. The Caprivi Region has a colourful and interesting history, playing a central part in the Berlin Conference of 1890. Once administered by the British, it was swapped for Zanzibar with the Germans at a time of great European political manoeuvring. The strip of land was named after German Chancellor General Count Georg Leo von Caprivi di Caprara di Montecuccoli. Try saying that after a beer. In Livingstone, our lodge accommodation overlooks the Zambezi River and will be our base for the next two nights.

DAY 6 - Tour of Victoria Falls, free time in the afternoon

Often referred to as the adventure capital of Zambia, Livingstone is a pleasant town, offering a variety of land, air and water-based activities in the surrounding area.

A short drive will take us to one of the natural wonders of the world - Victoria Falls. We plan to view the falls from the Zambian side of the river. Here, the Zambezi River plummets over a sheer cliff wall spanning more than 1676 meters, dropping approximately 100 metres into the abyss below. Like David Livingstone before us, you are likely to become aware of the awesome cataract long before seeing it. Plumes of water vapour rise like smoke into the sky, accompanied by a deafening roar. It's no wonder that the natives named the waterfall, Mosi-oa-Tunya, meaning 'the smoke that thunders'.

This afternoon, you may choose to take an optional 2 hour game drive in the Mosi-oa-Tunya National Park in search of white rhino. You may also like to take advantage of one of the other many optional activities on offer, such as a scenic flight over the falls or white water rafting.

DAY 7 - Game Viewing in Chobe National Park

Today, we take a ferry over the Zambezi River back into Botswana, before heading into the Chobe National Park - famed for its beautiful scenery, abundant wildlife and magnificent red and gold sunsets. We have the rest of the day to explore the northern Chobe area of Serondela, which sits along the banks of the Chobe River - one of the Zambezi's main tributaries. Here, we are in the heart of elephant country - up to 35,000 elephants live within the park, the largest number of any African park. This afternoon we will head out on our first game drive.

Our camping accommodation tonight allows us to fully appreciate our setting. Our campsites for the next seven nights are booked and paid for two years in advance to ensure that we get the best positions in some truly spectacular spots.

Along with the many land based mammals species, there is an abundance of bird species including the bee-eater and kori bustards

DAY 10 - Drive to Moremi Game Reserve

Leaving our Savuti camp, we continue over dirt roads into Moremi Game Reserve - one of Botswana's most diverse reserves in terms of scenery and wildlife. Tucked into the north-eastern section of the Okavango Delta, Moremi is thought to be the country's most beautiful gameland, and is rated as one of Africa's greatest wildlife sanctuaries. It covers an enormous wilderness area composed of permanent swamps, islands, forest and dry land - an ornithologist's paradise. More birdlife and larger mammals may be spotted on the flood plain, including elephant, giraffe, zebra and ostrich, as well as predators like lion, leopard and wild dog.

Over the next four days, we will immerse ourselves in this incredible setting in two different parts of the park. Our first two nights are spent in the northern Khwai River area.

The mighty Okavango is the third largest river in southern Africa. Its delta area covers 16,000 square kilometres of crystal clear channels, a myriad of ephemeral lakes and ever changing islands, surviving atop the Kalahari Desert. The river flows south east from the Angolan highlands, over 1000 kilometres away, taking up to six months to reach the delta area which floods on a perennial annual cycle.

Remaining in the Moremi Game Reserve, today we drive into the Delta to our camp at Xakanaxa, where we will spend the next two nights. Exceptional though the geography of the Delta may be, it is the amazing wildlife of the waterways that draws us and we plan to set out game viewing on our arrival.

Climate

Botswana's regional characteristics, from fertile areas in the east to waterless desert in the centre and south, and a vast delta in the north-west, make for extremes of temperatures and highly variable rainfall. Namibia

Climate

With a staggering 300 days of sunshine each year, Namibia is a year-round destination, although some may prefer to avoid the heat of high summer. The cold Benguela current keeps the Atlantic coast of the Namib Desert cool and rain-free for most of the year, with a thick coastal fog that lends a mysterious edge to the area. January and February are the hottest months, when daytime temperatures in the heart of the Namib can exceed 40°C (104°F), but nights are usually cool. Winter nights can be fairly cold, but days are generally warm and pleasant.

Climate

The main rainy season is from January to March. Rain is widespread and generally falls in the form of a thunderstorm in the late afternoon; grass tends to be long and there is more water about so game is more dispersed. Otherwise it is dry, with low humidity for most of the year. Temperatures reach around 29°C during the day with quite cold nights throughout the year. Early dry season is the most pleasant time for temperatures and the best for bird watching. For game viewing though the late dry season is better. Budgeting and packing

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Maun - Flight over Okavango Delta (approx. 1 hour) US\$ 100pp depending on numbers booked (must be booked in advance so speak to your tour leader).

Livingstone - Helicopter for 30 mins flight US\$ 360pp (plus US\$6pp aviation fee), Whitewater rafting half day US\$ 160pp, full day US\$ 170pp; Upper Zambezi canoeing half day US\$ 110pp, full day US\$ 145pp; Zambezi river cruises sunset (1 hour) US\$ 65pp, sunset & dinner US\$ 85pp; Game drives US\$ 65pp for 2 hours; Livingstone tour US\$ 50pp; Cultural village tour US\$ 50pp (including transfers).

Chobe - optional river cruise US\$ 40pp.

Okavango Panhandle - boat trip - no charge.

Rafting note: River conditions are determined by seasonally predictable fluctuations in water levels. Low water season generally runs from August to January each year - this is when the Zambezi is at its very wildest. High water is from about February to July and there can be a closed season between March and June depending on the season's rains.

Clothing

Clothing should be lightweight. However, a wind/waterproof jacket, a warm fleece or sweater and thermal underwear for night time are strongly advised, as nights, early morning game drives and longer journeys can be very cold, especially in winter (April to August).

We suggest that during the winter months you take a number of layers to combat the cold which can then be removed as the day warms up. Brightly coloured and white clothing is not suitable for game viewing. You may like to bring a swimming costume for the hotels with pools.

Footwear

Lightweight trail boots or robust trainers with good traction soles and sandals.

Luggage

15Kg

Luggage: On tour

The limit is one barrel bag/holdall/internal frame backpack (suitcases are not permitted) per person and a reasonable amount of photographic equipment. A day bag is essential for everyday use.

Please bring a towel with you and also a water bottle, (head) torch and larger torch for toilet visits at night whilst camping, sunhat, sunglasses, insect repellent and sunscreen. Binoculars are essential for game viewing and a 300mm lens is recommended for photography. Tents have sewn-in mosquito screening so nets are not required.

Camera batteries can be charged in Maun and Livingstone, whilst there is also a charging facility on our safari vehicle. We do however recommend that you bring spare batteries.

Tipping

Explore leader

At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$30 for tipping local crew.

Booking a Single Room

All of our group tours are planned and operated on a twin-share basis, meaning that the standard cost is based either on individual travellers sharing accommodation with another group member of the same sex, or people who book together sharing accommodation. Please refer to the tour notes where the single room option availability is detailed on a night by night basis for this tour, and the price for the available nights is detailed on the dates & prices tab by departure date. For Self-Guided trips the Single Room supplement offers the option of a single room each and is charged per person. The Single Room supplement also applies to the third person in a party of three that will be accommodated in a single room.

This tour uses a great mix of accommodation, affording us a real flavour of one of Africa's most beautiful countries. We start and end our trip in a comfortable, mid-range hotel in Maun. On the Okavango Panhandle we spend three nights on a houseboat - the boat has a lower deck with en-suite cabins and upper deck with a bar/dining area and an open seating area at the rear. In Livingstone we stay in bungalows on the banks of the Zambezi. In the Okavango Delta and game reserves of Botswana we enjoy the experience of camping under the African sky. Our campsites are simple enough to give the feeling of really camping out in the African bush, yet with the comforts of a proper toilet, bucket shower and even camp cots for our two man tents. Mattresses, fitted sheets, sleeping bags, pillows and blankets are also provided. Camp assistants take care of all camp chores so no participation is required.
