Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join Tour in Maun

Our tour starts in Maun, the gateway to the Okavango Delta. After checking in to our hotel, your afternoon is free to relax. You may choose to take a stroll around the town, where modern buildings and native huts stand side-by-side. Originally a rural village, it has rapidly developed into Botswana's 'tourism capital'. However, the town has managed to retain much of its rural atmosphere and you may well see tribesmen bringing their cattle to sell at the market.

ACCOMMODATION:
 The Sedia Riverside Hotel (or similar)

Grade: Comfortable Hotel

SINGLE ROOM AVAILABLE

SWIMMING POOL AVAILABLE

MEALS PROVIDED: NONE

DAY 2 - Drive to Okavango PanHandle houseboat

An early start this morning to get on the road for a long drive to the west side of the Okavango Delta Panhandle, where we will board the houseboat, our home for the next three nights, in time for lunch. During this trip we will travel in customised, open-sided land-cruisers. The vehicles are perfect for the game viewing opportunities but can be a bit brisk and windy during the longer travel days, so ensure you bring some layers for travel days, and your tour leader will provide blankets to make the journeys as comfortable as possible. The roads through Botswana can vary in quality, so travel days can be slow and bumpy but the scenery more than makes up for this.

Once aboard the houseboat, the accommodation is very comfortable, with eight bedrooms with en-suite facilities. Each room has glass doors sliding open on to the wilderness of the remote panhandle area, while on the deck above are seating areas from which to enjoy the sunsets and listen to the birds. Due to seasonal variations in the level and strength of the river, the houseboat itself remains securely moored for much of the year, whilst we explore the river on smaller launches. However, the amount of water that falls in the catchment area can be highly variable and occasionally, conditions may allow the houseboat itself to cruise in the Delta.

The next couple of days are spent enjoying this spectacular setting. During our time on the river, there is a good possibility of seeing a variety of game. On our launch, we may cruise past submerging pods of hippos, while crocodiles bask in the shallows and on the riverbanks. While drifting along, it is not hard to imagine yourself as David Livingstone, exploring Africa all those years ago.

ACCOMMODATION:
Okavango House Boat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 3 - Optional boat trips to search for the plentiful wildlife; sundowners

During our second day aboard the houseboat, our itinerary is flexible. A typical day involves one or two trips out on the launch to take in the wildlife and visit the surrounding area. Back on board, there are plenty of opportunities for bird watching. Local fishermen are often seen aboard their traditional dugout canoes, known locally as Mokoros. The golden light of late afternoon can also be enjoyed with a traditional sundowner in the houseboat's bar. As this is a day at leisure you can choose how much or how little you do today.

ACCOMMODATION:
Okavango House Boat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 4 - Visit to Tsodilo Hills; home to thousands of bushman rock paintings

Today, we'll visit the intriguing and sacred World Heritage Site of the Tsodilo Hills. The San Bushmen community believe the hills are the site of the first creation and painted an astonishing 4000 rock paintings across 350 sites marking the area's significance. Here, four impressive rocks jut out of the expanse of the surrounding land, and it is believed by the San Bushmen that the largest of the rocks is the 'man', the second largest the 'woman', and the smallest the 'child'. The fourth rock, which stands apart from the others, is said to be the male's first wife. Some of the paintings are thought to be over 24,000 years old, and as well as the chance to see ancient rock paintings, the hills offer vast views across the countryside below. We'll spend around two hours exploring the area along the walking trails, as well as stopping for a picnic lunch before returning to the houseboat for a relaxing evening.

ACCOMMODATION:
Okavango House Boat (or similar)

Grade: Comfortable Boat

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 5 - Drive through Namibia's Caprivi Strip to Livingstone

This morning will be a very early start to ensure enough daylight hours for the long journey to Livingstone. Today's total journey time is approximately nine hours depending on time spent at the border crossings, and will of course include comfort breaks and a lunch break.

The drive takes us through north to Namibia's Caprivi Strip, before heading to Livingstone in Zambia. The Caprivi Region has a colourful and interesting history, playing a central part in the Berlin Conference of 1890. Named after German Chancellor General Count Georg Leo von Caprivi di Caprara di Montecuccoli, the strip was once administered by the British before it was swapped for Zanzibar with the Germans at a time of great European political manoeuvring.

A late afternoon arrival to Livingstone provides just enough time for a refreshing sundowner at our lodge accommodation overlooking the Zambezi River.

ACCOMMODATION:
Waterfront Lodge (or similar)

Grade: Comfortable Lodge

SINGLE ROOM AVAILABLE

SWIMMING POOL AVAILABLE

MEALS PROVIDED: BREAKFAST & LUNCH

DAY 6 - Tour of Victoria Falls, free time in the afternoon

Often referred to as the adventure capital of Zambia, Livingstone is most famous as being home to one of the natural wonders of the world - Victoria Falls.

This morning we'll visit the falls from the Zambian side of the river where the Zambezi River plummets over a sheer cliff wall spanning more than 1676 meters and dropping approximately 100 metres into the abyss below. The natives named the waterfall, Mosi-oa-Tunya, meaning 'the smoke that thunders' because of the plumes of water vapour that rise like smoke into the sky above the falls, accompanied by the deafening roar.

This afternoon is free to relax, or you may choose to book a two hour game drive in the Mosi-oa- Tunya National Park in search of white rhino. Alternatively, there is the option to take a scenic flight over the falls or go white water rafting in the Zambezi.

ACCOMMODATION:
Waterfront Lodge (or similar)

Grade: Comfortable Lodge

MEALS PROVIDED: BREAKFAST

DAY 7 - Game Viewing in Chobe National Park

Today, we cross the border once again when we take a ferry over the Zambezi River back into Botswana, where we will make our way into the Chobe National Park. Famed for its beautiful scenery, abundant wildlife and magnificent golden sunsets, Chobe is the heart of elephant country and is home to approximately 120,000 of the giant creatures. After a stop for supplies and lunch, we will head out on an afternoon game drive.

Although simple in style, our camping spot for tonight allows us to fully appreciate the wild setting. To the high demand in Botswana, all campsites for the next seven nights are booked two years in advance to ensure that we get the best positions in some truly spectacular spots.

ACCOMMODATION:
HATAB Camp Chobe River (or similar)

Grade: Simple Camping

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 8 - Full day of safari in Chobe

We'll maximise our time today to ensure we make the most of game drive opportunities. We'll head out in the morning and again in the afternoon, for the chance to spot huge trumpeting herds of elephants in and around the river. Other mammals to be seen are buffalo, kudu, eland, waterbuck, sable and roan antelope, zebra, lion, cheetah, leopard, impala, reedbuck and the rare Chobe bushbuck. In the river are hippo and crocodile and the waters teem with bream, barbel and tiger fish (freshwater barracuda). The Tour leader will decide on the exact running times of the day, and lunch arrangements, depending on the weather conditions and the season to ensure the best viewing.

ACCOMMODATION:
HATAB Camp Chobe River (or similar)

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 9 - Game drives in the Savuti area

Today as we will travel south, we'll explore the interior area of Savuti with its sweeping plains, rolling grasslands and marshes which are fed by the erratic Savuti Channel. The channel ran dry in 1982, changing the lives of all wildlife on the plains as the ground baked in the African sun, and remained dry for over 20 years until 2008 when the water once again began to flow attracting animals back in high numbers. We'll have time to watch the herds that live in and around this area including lions, elephants and possibly the leopard, plus an abundance of bird species including the bee-eater and kori bustards.

ACCOMMODATION:
HATAB Camp Savuti (or similar)

Grade: Simple Camping

SINGLE ROOM AVAILABLE

MEALS PROVIDED: BREAKFAST, LUNCH & DINNER

DAY 10 - Drive to Moremi Game Reserve

Leaving our Savuti camp, we continue over dirt roads into Moremi Game Reserve - one of Botswana's most diverse reserves in terms of scenery and wildlife. Tucked into the north-eastern section of the Okavango Delta, Moremi is thought to be the country's most beautiful game land, and is rated as one of Africa's greatest wildlife sanctuaries. This vast area is a mix of permanent swamps, islands, forests and dry land; an ornithologist's paradise. Birdlife and larger mammals can often be spotted on the flood plain, including elephant, giraffe, zebra and ostrich, as well as predators like lion, leopard and wild dog.

For the next two nights we will be camping in the northern Khwai River area where the waters feed an abundance of flora and fauna, including the frequently-visiting wild dog. Hippos are often heard by night too!

The delta area covers 16,000 square kilometres and is made up of crystal clear channels, countless fleeting lakes and ever-changing islands. The waters flows down in a south-easterly direction from the Angolan highlands, over 1000 kilometres away, taking up to six months to reach the delta area which floods on a perennial annual cycle.

Remaining in the Moremi Game Reserve, today we drive further into the Delta area to our camp at Xakanaxa, where we will spend the next two nights. This exceptional geography and topography attracts amazing wildlife to the waterways and we'll begin game viewing on our arrival.

Trip information

Climate and country information

Botswana

Climate

Botswana's regional characteristics, from fertile areas in the east to waterless desert in the centre and south, and a vast delta in the north-west, make for extremes of temperatures and highly variable rainfall. Seasonal weather patterns can be unpredictable.

Time difference to GMT	Plugs	Religion	Language
+2	3 Pin Round	Christians. Anglicans, Methodists	English, Setswana

Namibia

Climate

With a staggering 300 days of sunshine each year, Namibia is a year-round destination, although some may prefer to avoid the heat of high summer. The cold Benguela current keeps the Atlantic coast of the Namib Desert cool and rain-free for most of the year, with a thick coastal fog that lends a mysterious edge to the area. January and February are the hottest months, when daytime temperatures in the heart of the Namib can exceed 40°C (104°F), but nights are usually cool. Winter nights can be fairly cold, but days are generally warm and pleasant.

Zambia

Climate

The main rainy season is from January to March. Rain is widespread and generally falls in the form of a thunderstorm in the late afternoon; grass tends to be long and there is more water about so game is more dispersed. Otherwise it is dry, with low humidity for most of the year. Temperatures reach around 29°C during the day with quite cold nights throughout the year. Early dry season is the most pleasant time for temperatures and the best for bird watching. For game viewing though the late dry season is better

Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Maun - Flight over Okavango Delta (approx. 1 hour) US\$ 100pp depending on numbers booked (must be booked in advance so speak to your tour leader).

Livingstone - Helicopter for 30 mins flight US\$ 360pp (plus US\$6pp aviation fee), Whitewater rafting half day US\$ 160pp, full day US\$ 170pp; Upper Zambezi canoeing half day US\$ 110pp, full day US\$ 145pp; Zambezi river cruises sunset (1 hour)US\$ 65pp, sunset & dinner US\$ 85pp; Game drives US\$ 65pp for 2 hours; Livingstone tour US\$ 50pp; Cultural village tour US\$ 50pp (including transfers).

Chobe - optional river cruise US\$ 40pp.

Okavango Panhandle - boat trip - no charge.

Rafting note: River conditions are determined by seasonally predictable fluctuations in water levels. Low water season generally runs from August to January each year - this is when the Zambezi is at its very wildest. High water is from about February to July and there can be a closed season between March and June depending on the season's rains.

Clothing

Clothing should be lightweight. However, a wind/waterproof jacket, a warm fleece or sweater and thermal underwear for night time are strongly advised, as nights, early morning game drives and longer journeys can be very cold, especially in winter (April to August).

We suggest that during the winter months you take a number of layers to combat the cold which can then be removed as the day warms up. Brightly coloured and white clothing is not suitable for game viewing. You may like to bring a swimming costume for the hotels with pools.

Footwear

Lightweight trail boots or robust trainers with good traction soles and sandals.

Luggage

15Kg

Luggage: On tour

The limit is one barrel bag/holdall/internal frame backpack (suitcases are not permitted) per person and a reasonable amount of photographic equipment. A day bag is essential for everyday use.

Equipment

Dome tents are provided which sleep a maximum of two people. Camp cots with mattresses, fitted sheets, sleeping bags, pillows and blankets are also provided. Tents are erected by our crew.

Please bring a towel with you and also a water bottle, (head) torch and larger torch for toilet visits at night whilst camping, sunhat, sunglasses, insect repellent and sunscreen. Binoculars are essential for game viewing and a 300mm lens is recommended for photography. Tents have sewn-in mosquito screening so nets are not required.

Camera batteries can be charged in Maun and Livingstone, whilst there is also a charging facility on our safari vehicle. We do however recommend that you bring spare batteries.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow US\$30.00 per person for group tipping

Transport Information

4WD, Boat

Accommodation notes

This tour uses a great mix of accommodation, affording us a real flavour of one of Africa's most beautiful countries.

We start and end our trip in a comfortable, mid-range hotel in Maun. On the Okavango Panhandle we spend three nights on a houseboat - the boat has a lower deck with en-suite cabins and upper deck with a bar/dining area and an open seating area at the rear. In Livingstone we stay in bungalows on the banks of the Zambezi.

In the Okavango Delta and game reserves of Botswana we enjoy the experience of camping under the African sky. Our chosen campsites are exclusive to our groups and the exact location may change slightly as the campsites are moved short distances from time to time to allow the bush to return to its natural state. Each campsite features a short-drop toilet (with a seat!), bucket shower and camp cots for our two man tents. Mattresses, fitted sheets, sleeping bags, pillows and blankets are also provided. Camp assistants take care of all camp chores so no participation is required.

Botswana

There is usually a choice of salads and one main vegetarian and/or vegan main dish on the menus, but choice will be limited especially in more remote locations. If you have specific dietary requirements we do recommend for you to bring some food with you.

Namibia

Dietary requirements:

It's very important that you let us know of any dietary requirements at least 60 days prior to the departure of your trip because your Leader will pre-plan menus and shop for the majority of the food prior to departure. In Namibia there is very limited availability for specialist food products along the way and leaders will need to pre-advise accommodations of any specific requirements so they can ensure they have options. Please note, without prior notice or if your requirements change while on the trip Explore cannot guarantee all requirements will be catered for.

If you have a specialist diet, including but not limited to vegan, gluten free, lactose intolerant and/or celiac, we strongly recommend you bring some snacks with you as options will be limited, particularly in rural parts of Namibia where specialist food products in supermarkets are very limited and restaurants will often have one or two alternative options on their menus. With prior notice our leaders will always ensure there is a meal for you, however, we must stress we cannot guarantee variety or choice.

Malaria is present in the region so consult your travel clinic for latest advice on different prophylaxis available against malaria. Please check the latest requirements with your travel clinic or doctor prior to departure. The above is not an exhaustive list.
