Trip information

Climate and country information

Morocco

Climate

The climate is both Mediterranean and Atlantic. The dry, hot season is from May to October when summer temperatures can reach 38°C and above (if sight seeing is included we will do our best to avoid the heat of the day during this period). Temperatures may drop significantly at times during the night as the day's heat rapidly diminishes. From December to January snow can be expected on mountain passes and it can be wet. In winter, day temperatures will probably be around 18-25°C, dropping to perhaps 0-5°C.

Optional activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations. Please note: These activities are booked and paid for direct with the supplier and do not form part of your Explore holiday contract.

Marrakech:

- A guided tour through the city, into the souks, around the medina and past the iconic Djemma El Fna £15 (dependent on the schedule of your flights)
- Bahia Palace entrance fee 70. MAD (approx. £6)
- Saadien Tombs entrance fee 70. MAD (approx. £6)
- Aremd - Local hammam approx. £5

Clothing

Bring light and comfortable clothing that can be layered according to the temperature. The weather conditions in the mountains can be changeable, and it will be cold, especially at night, so bring warmer layers. Tops made from wicking materials which keep you drier and warmer are recommended as a base layer, and walking trousers are preferable to trousers of heavier material such as jeans.

Morocco is a Muslim country and it is important to dress with respect for local customs. People may be offended by shorts or revealing dresses, which can attract unwelcome attention. We advise that in general both men and women should cover shoulders, upper arms and knees. Transparent, plunging necklines and tightfitting clothes should be avoided. Women should also cover their heads when entering a sanctuary, though in general, mosques are forbidden to non-Muslims.

-Warm jacket and trousers - After sunset and before sunrise, temperatures can fall. A warm jacket and long warm trousers are the most convenient way of keeping warm, a down jacket is recommended.

-Breathable wind and waterproof jackets and trousers - Material such as Goretex not only protects against rain and wind, but also stops you from overheating. They 'breathe' and avoid condensation that you will experience from nylon waterproofs.

-Thermal underwear/base layers - Long sleeve tops and long john legging thermal underwear, cotton clothing like t-shirts are not suitable or recommended as a base layer as they do not wick away any moisture from the skin.

-Socks - It is best to wear a pair of liner socks under a pair of fairly thick loop stitch socks. This helps to protect your feet against blisters. Avoid nylon socks, they are abrasive, don't breathe well and can cause blisters

-Waterproof gloves; a warm scarf & a warm hat - Warm and windproof gloves or mittens are essential. Also bring a scarf to cover your neck and a warm balaclava or a warm hat.

-T-shirts

-Long sleeved tops

-Long trousers

-Warm midlayer/ fleece

-Swimwear for the pool at the hotel

Footwear

We recommend you bring strong and waterproof mountain trekking boots with a stiff sole.. Make sure that your boots are worn-in and comfortable before the start of the trip. Also trainers or sandals for relaxing and general wear.

We suggest that on international flights you either carry your walking boots in your hand luggage or wear them - should your luggage be lost or delayed, your own boots are the one thing that will be irreplaceable.

Crampons - Bring your own if you have them or these can be hired locally for MAD300 (approx. £25) each for the duration of the trip. They can go on any type of walking boot. Please advise us if you would like to hire this equipment locally so we may add a note to your booking.

Gaiters are useful to keep snow and scree out of your boots and bringing spare boot laces is advised.

You may choose to bring trainers which will be useful in villages and general wear.

Luggage

15Kg

Luggage: On tour

We suggest that you bring a soft, waterproofed holdall/barrel bag that will be carried by mules on trek and good size waterproofed daysack plus a small holdall to store unneeded items in Marrakech. Pack mules are used to carry equipment, food and most personal gear. To ensure the well being of the mules please do not over pack your luggage. It will be possible to store surplus baggage not required on the trek at the hotel in Marrakech.

Equipment

3/4-season sleeping bag - 4-season comfort rating (temperature -10 degrees celcius to -5 degrees celcius) or a 3-season with a separate liner. A silk or fleece liner helps to keep your bag clean and adds an extra season.

Sunglasses/ ski goggles and high factor sunscreen and lip protection- Essential for protection against UV rays and glare at high altitudes.

Torch/Batteries/Bulb - A small torch is essential for finding things at night, a head torch is advised for the early ascent to the summit.

Remember to bring some spare batteries.

Small waterproof dry bag (for items such as your mobile phone)

Reusable water bottle (minimum 1litre) - an insulated bottle is also nice to have for hot drinks.

Personal toiletries - Toothbrush/paste, washcloth or small towel, toilet paper, anti-bacterial hand wash

Personal first aid kit - On each trek a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin and other essentials. Please do not give medicines to local staff without consulting the tour leader.

Trekking poles are recommended, particularly for the descent from the summit of Toubkal.

Ice axe (non-technical winter trekking axe with long handle) Please note that an ice axe can be hired locally for MAD300 (approx. £20) each for the duration of the trip. Please advise us if you would like to hire this equipment locally so we may add a note to your booking.

Equipment Hire and Trek Training Days in the UK - Trek Hire UK hire out a wide range of kit including quality sleeping bags, down jackets, walking poles and crampons. <http://www.trekhireuk.com>. They also run regular trek training and preparation days from their base in the Surrey Hills, ideal for getting an indication of your overall fitness level and also covering advice on kit and altitude.

Tipping

Explore leader

Tipping isn't compulsory, and we work hard to ensure that our leaders all receive a fair wage. However, you might want to recognise a leader that's done a great job or really added to your trip by giving them a tip. We're often asked about the recommended amount. It's a tricky one, and down to personal preference, but we'd recommend between £15 to £20 per person per week as a guideline.

Local crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, your leader may organise a group's tips kitty for included activities and meals and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow £30.00 per person for group tipping.

Morocco

Food and drink

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Lunch price	Dinner price	Beer price	Water price
£6.00 - 8.00	£8.00 - 12.00	£2.5	£0.6

Transport, Accommodation & Meals**Transport Information**

Accommodation notes

Morocco is a developing country and as such, the accommodation standards are not equivalent to those in Europe and can be more basic. We generally choose our properties because of their location, cleanliness, traditional style or for their welcoming atmosphere, as we endeavour to provide an authentic Moroccan experience. However, some of the properties might have some outdated or simple furniture and the level of service may vary depending on the location. You may find that availability of hot water is variable or limited in certain locations.

In Armed we stay in a traditional Berber village house. There are number of twin or triple rooms with shared facilities, a communal area for eating and socialising, and roof terrace. All bedding is provided. This is a fantastic way to meet the local Berber people and gain an insight into their lives.

At the base of Toubkal we stay at Neltner refuge. The rooms are basic dorm rooms with bunk beds (ear plugs recommended!). There is no bedding provided. There are shared toilet facilities (take your own toilet roll). There are showers, which may or may not be hot. There's a dining room and large lounge area with a wood burning stove (wood is extra), where everyone gathers and socialises in the evening. Please be prepared to pay extra for the hot showers, wood and bottles of water. It's a great way to meet like-minded trekkers from all over the world.

Maximum altitude (m)

Altitude information

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: http://medex.org.uk/medex_book/english_version.php

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take these to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

Morocco

Vaccinations

Nothing compulsory, but we recommend protection against tetanus, typhoid, infectious hepatitis and polio. Consult your travel clinic for latest advice on different prophylaxis available against malaria. Please check the latest requirements with your travel clinic or doctor prior to departure. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at Explore Travel Health and from your local healthcare provider. Visa and vaccination requirements are subject to change and should be confirmed by you before travelling.
