Itinerary

Itineraries on some departure dates may differ, please select the itinerary that you wish to explore.

DAY 1 - Join extension in Stone Town

Join your extension trip in Stone Town, the old city and World Heritage Site on the spice island of Zanzibar.

There are no included activities planned today, so you are free to arrive in Zanzibar at any time. On arrival into Abeid Amani Karume International Airport (ZNZ), you'll be met by your driver and transferred to our historic, centrally located hotel in the old city, which is around 20 minutes' drive away.

The waterfront of Stone Town buzzes with atmosphere, where the turquoise waters of the Indian Ocean meets the shores of this small, bustling city. Depending on your arrival time, you may have the opportunity to wander through the narrow, winding streets and taste some street food at the seaside night market.

Please note, this Zanzibar extension is unescorted and is not accompanied by an Explore Leader.

DAY 2 - Free day in Stone Town or optional Spice Tour

Wake up for breakfast by the sea and sip your coffee while watching the fisherman as they get on with their daily tasks in the shallow, clear waters. Today is free for you to spend exploring this historic city at a laid-back pace like the locals. Due to the close proximity to Africa's East Coast, Zanzibar has been a strategic home for Portuguese, Middle Eastern and British settlers who have all left their mark, as well as once playing an important role in Africa's infamous slave history. Along the winding streets ornate, carved doorways hark back to the island's 17th century Omani rule and a mix of mosques and churches signify its diverse cultural history. Stone Town was also the birthplace of Queen's Freddie Mercury - born Farouk Bulsara - and his family home is marked with a yellow plaque.

If you'd rather escape the city today there will be the opportunity to book a Spice Tour. Visit a farm to learn more about Zanzibar's most precious exports, flavours and their interesting medicinal uses through taste, sight and smell.

This evening, choose a spot along the waterfront to watch the spectacular sunset.

DAY 3 - Morning transfer to the east coast, spend the rest of the day relaxing on the beach or by the pool

This morning after breakfast, you'll be transferred to the island's west coast. The scenic drive takes a little over an hour through villages and countryside before reaching home for the next two nights; a beach front hotel where white, powdery sand meets the warm, clear water of the Indian Ocean.

The rest of the day will be free to enjoy the beach, rest by the pool or choose a shady spot to relax in the colourful garden area.

Please note: We use two sister properties for this trip depending on availability; both accommodations feature a bar, restaurant and pool area, in a secluded area.

SWIMMING POOL AVAILABLE

MEALS PROVIDED: BREAKFAST

DAY 4 - Free day or optional snorkelling trip

Another day in Paradise. Take a walk along the beach where local women can often be seen collecting seaweed - a lucrative export of Zanzibar. Friendly by nature, locals always offer a welcoming smile and are happy to chat.

Today is again free to spend however you please. If you'd like some activity, please speak to a member of hotel staff who can assist with optional snorkelling trips to the nearby Mnemba Atoll marine reserve; home to stingrays, lionfish and turtles.

DAY 5 - Trip ends

The trip ends today. Your departure transfer to Abeid Amani Karume International Airport (ZNZ) will be arranged to suit your departure flight time and the drive is around 1 hour 15 minutes\ drive.

Zanzibar airport is small and old-fashioned when compared to European standards, so be sure to leave plenty of time for check-in and possibly enquire with the hotel about a packed lunch if you will be wanting food because the airport's selection is limited.

Country information

Tanzania

Climate

The climate is tropical but varies greatly with altitude. Coastal areas and islands are hot and humid, while the central plateau is dry and arid. Tanzania can be visited all year round and its seasons can be defined as green and dry. The dry season is generally from June to October and January to February, with most days being fine and sunny weather with temperatures and humidity rising throughout the day. It can be cold at night, particularly in June & July. The green season includes the rains of March to May (with the peak in April – generally during the afternoon) and November to early December. This pattern can be unpredictable. The weather system during these periods refreshes the landscape creating lush green scenery which is not witnessed during the dry season. The Zanzibar archipelago is a year-round destination but does have dry and rainy seasons. The dry season is between June to October and January to February. The 'short rains' are between November to December, when a short, afternoon rainstorm can be a daily occurrence. The 'long rains' occur between March to May, when days can be humid and rainy, however, sunshine is still often frequent. The changing weather patterns does mean the 'rainy' season is becoming less predictable. Weather at altitude can vary to the above seasons, with the evenings being cold. Kilimanjaro features its own array of climates and biomes; between 1,800 to 2,800 metres is a rainforest climate (humid and hot), from 2,800 to 4,000 metres is dry mountain vegetation – please note night time temperatures can fall to below 0 degrees from this level. A cold desert climate with a strong equatorial sun during the day but cold nights is found between 4,000 to 5,000 metres. The summit generally has clear days though the evenings can be very cold featuring snow.

Visa and Passport Information

Tanzania: A single visa is required by UK, New Zealand, Australian, US & Canadian citizens. Visas can be arranged on arrival, but due to queues at immigration we recommend for the visa to be arranged in advance.

An E-visa for Tanzania can be obtained prior to departure via the e-visa website:

Click on the e-Services tab and then select Online Visa Application, please ensure you read the Visa Application Guidelines before applying for your e-visa. Please refer to the Explore visa letter you will receive for information required to complete your e-visa application. You may be asked for your e-ticket number for your application, please contact us for these details within 40 days of departure.

You will need to print a copy of your e-visa approval letter and present this with your passport and final documents at your entry point into the country. The approval letter takes approximately 10 days to approve if there are no queries on the application. We therefore advise for you to apply at least 15 working days prior to travelling. Please ensure you have enough validity left on the visa through to the end of the tour before you travel.

American nationals are required to apply for a multiple entry e-visa for all tourism visits to Tanzania; the ordinary single entry e-visa is unavailable for Americans to apply to.

Passports must have a minimum validity of 6 months and at least 1 blank/unused page at time of travel.
